The "Income tax is one form of

should we say "taking up charity

ever thought of closing the gate

In ye old days a man earned en-

care of his family. Now he has to
send his wife out to work to
earn enough to pay Income Tax.

Its reported that over 60 per-

While American White children re-

a lot of empty headed Americans

Since the Mosher Boys have went

From the Editor.

Sending money to foreign nations
to help stop Communism is one way
to keep foreign politicians busy
keeping Communism alive so as to
collect more cash from the United
states to help keep Communism
alive, etc., etc., etc.

Two hundred years before Columbus
discovered America, the Jews in
Spain were preparing maps, and nav-
igation instruments, and all done
to prove the world was round, but
while they spent two hundred years
preparing to something, Chris took
just a few months, to prove it and
lay the ground work for the Pawn
Shop boys to move in.

If all goes well the Zionist boys
will move Christmas up to July 1st
so Santa can get early pickings.

Howsa bout us having that In-
come tax amendment repealed? The
buck you'd save would buy ba some
pants, instead of it now buying
some African niger a two ways
stretch, or a pair of Dice.

Since the Supreme Court has now
began to use Psychology instead
of Blackstone and law to make th-
eir point, why not have Congress
buy them Dice and let them make
their point according to African
Dice Tossers Rules?

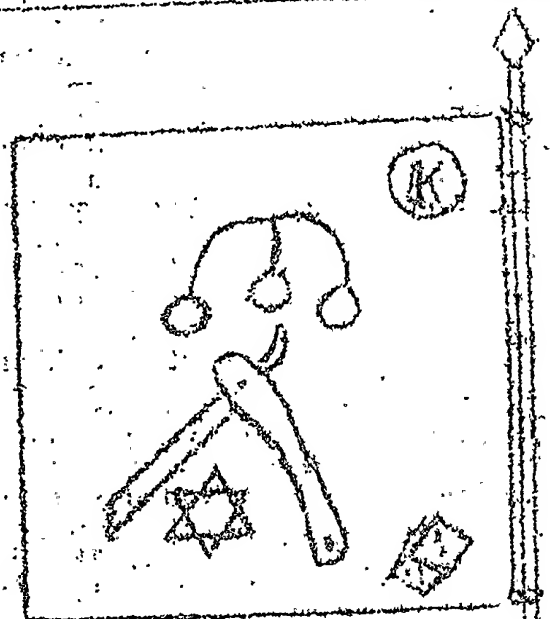

Are you sure that money you do-
nated to the Community Chest is
not going to be used to help some
Niger Racist to escape punishment?
You know part of what is donated
does go to Niger organizations, and
it would be easy for it to get
mixed up and used against you?

FOR WHITE PEOPLE WHO THINK THAT
SEGREGATION IS WRONG.

James Sayers, a Learned Ethnolo-
gical Student, tells us that i
China was originally a White
Nation, until they began to bring
in the negroes, either as slaves
or otherwise. Now look at what
a helluva mess it is.

Sastration is one way to com-
bine the Niger that Crime does
not pay. Have you ever thought
of that.

The tough, hardboiled, killing
cowboys that your son sees on
TV will help him in learning
the ropes and ending up in a
prison someday. It also helps
him to know the best way to

FROM OUT OF THE HIDDEN PAST.

Knights of the Kuklos Klan.

Remove the mystic curtain that has hung for over a quarter of a century over the historical facts of the original Ku Klux Klan and, remove the hate propaganda built up against that bold, brave band of men who set out to save the Southland from the carpetbaggers, negroes and scalawags and, you have a picture of the most patriotic men in all history. Men who fought the north and won. Not with the sword, but through the forces of psychological fear and mysticism. While the Army of the North whipped the Southern soldiers, the Invisible Order of the Ku Klux Klan, with only a small well knit following, carried the battle to a climax and won a victory for the Southern White race and, rule by that race in the South.

Before we go on, let us make it quite clear, that the Ku Klux Klan that was organized in 1915 by William J. Simmons, at Atlanta, Ga., was not any part of the original Klan, nor was any of its original work handed down to the newly organized so-called Ku Klux Klan. Nor is any of the other recently organized Klans a part of that original Klan. For the simple reason, that when the original Order had served it's purpose, a whispered word from the lips of the Invisible Wizard, to Disband' passed by word of mouth down the line, and the last edict was obeyed, and the Ku Klux Klan folded up and disappeared.

The original Order was conceived in the hour of necessity, and like man, served it's purpose and, passed on. Leaving the stage for others to play their parts.

As we said, the Ku Klux Klan was born of necessity and it was nourished in the land where the Iron Hell of the American Congress denied the right of the Southern White to rule the land he lived upon, just as the President, and the Supreme Court, and the Trotsky Communists are trying to do today. The Klan came to life, not because of hate but because of self preservation of the White race.

The true picture of the Klan of that day is buried. All we have is the lies put out to create hate against that noble band. Propaganda that was used to enflame the the North, so they would not fully understand the import of what White Supremacy really meant. The same kind of lies that are being told today to blind the people and keep them from seeing the move to make of the Southern states a Black Democracy. The lies now are directed

at anyone who tries to save the South.

Not much can be learned of the inside workings of the original Ku Klux Klan, for the very good reason that the Klan kept no record of its Konklaves. No membership rolls. Hidden in mystic Dens, it's membership unknown, and all it's orders, edicts, never written, but delivered by word of mouth, and that in whispers, one can understand why it's name, the Invisible Empire, was more than a name.

Let us quote from a Klansman, who, a half century ago, wrote:

"Their meetings were usually in the thickest darkness. Being clad, they mounted and moved in silence, for ghosts are not presumed to talk. When general orders were given, they were passed down the line in whispers. No written orders were ever issued. Neither the Empire nor any of its subdivisions had any secretaries, clerks or bookkeepers. They had no treasurers and what little money was needed was paid by contributions among the dens. Their ghostly uniforms cost but little and the furniture of a den consisted mainly of withered limbs of dead Confederate soldiers and ghastly Negro heads, apparently freshly severed from the body. (So all were informed.)"

So, we have nothing but fragments handed down to tell us of that glorious band that rode to victory in the days of the Reconstruction. That Band that made history, and gave to the South almost three quarters of a century of racial peace and security from rape and slaughter.

We must not confuse the old original Ku Klux Klan, or as it was

known in many places before it became a consolidated organization, the Ku-Klois, or KuKlos, with all of the many Ku Klux Klans of today.

In the original organization, little religious ritual was used, nor was there even a printed or written ritual, or Kloran as it is called today. It was a fighting machine. Developed to fight and save the South from the Carpetbaggers, scalawags and negroes who had proven that they were unfitted, unworthy, and were not far enough removed from the jungle to rule a White race. And that still proves true today.

Unlike the many Klans of today, where a few dollars handed to an organizer will admit you to a Klavern, the original Klan looked deeply into your fitness to belong.

Let us quote again from our former Klansman of the original Order.

"Not every Confederate soldier could belong. Only those who had volunteered, and had shown bravery on the field could belong. Not all were ex-Confederate soldiers. They were re-enforced from time to time by men too young for military service in the war just ended, and were noted for their judgement and prudence, their courage and integrity. They had come upon the stage through great tribulation and were insured to the hardship incident to war, and it's aftermath, which Gen. Sherman very properly called "Hell".

"These young men had gone through the baptism of fire incident to reconstruction. From these were selected such as would 'do to take along in a bear fight.' as the dialect of provincialism hath it. During the years of fiery trial in reconstruction, young men were chosen, like the apostles, and added to the Ku Klux Klan, which was never diminished, but continuously increased till they disbanded all at once."

And our Klansman quotes further;

"In very truth the entire Invisible Empire was composed of the 'salt of the earth' and not roughs, rowdies and braggadocio bullies, as some people in the south believed, and most people in the North believes until this day."

So, we get a far different picture of the Kuklos, or the Ku Klux Klan that we have been lead to

believe existed. It was not mad men running around like mad hanging nigers, burning barns and destroying property, but men of high caliber, high ideals, almost unarm-ed, almost poverty stricken, trying to right a wrong done them by a radical northern controlled government, and a lot of scalawags of the South who saw an opportunity to gain the upper hand by the use of the nigers, just as many of the South's men are doing today and helping the Zionist-Communists to capture the southland and bring on a black "emocracy".

While the modern so-called Klan was re-birthed, more to keep an Honored Name alive, the selection of a Koran, the creating of a democratic rule in their organization lead to it's odor, and the dragging of an Honored Name into the gutter in many localities, whereas, the old original Klan would have disbanded many klavern and banished its members, but the modern man's desire to profit, at the expense of the organization, has left a once great name standing out as unfitted to take over and Ride once again.

The Klan was the child of necessity. The rights of the White people had been taken away and the negroes had taken over with the consent of a Northern Congress, just as it has now been taken over by unlawful acts of a Red Tinged Supreme Court. The South had to save itself. The Klan, with its mythical Invisible Empire, its close knit Dens, Kuklos, Klaverns, and its Cyclops, Dragons, was far from mythical in its real make-up. And they did accomplish their purpose. Not by a superior force, but by cunning and through psychology.

And once more let us quote our old original Klansman.

"Let us direct your attention to the fact that the Ku Klux Klan did what the Confederate army failed to do--whipped the Federal Army without firing a gun or unsheathing a sword, including General Grant, of whom it is said, at least in tradition, that he was never whipped. This is not true, for with the U.S. Army and Navy, of which he was commander-in

chief, at his command, and the Federal Congress at his back, to enact the most fearful, drastic and bloody laws against them, without Constitutional limitation, he could do nothing with the Ku Klux Klan, and stood abashed and dumbfounded at the end of his row when he undertook to chastise them.

He failed even to attack them. He could not find them. It was as easy to find the foot of the rainbow. They were as intangible as the ether in the blue heavens. They were invincible and used not the weapons of physical force.

"General Grant, an honest, gallant and magnanimous soldier, whipped the rebel army and put the Southern Confederates out of business. But he could do nothing with the Ku Klux Klan, who baffled and eluded him at every turn with all the dexterity of the cunning Saracen in the Crusades."

And more of the mystery of the Klan comes to light when our Klansman wrote:

"Although the secrets of the Ku Klux Klan were never written, they made a record that is imprinted upon the tablets of memory among the scalawags, carpetbaggers and especially the negroes."

With all the myth removed, there was no records kept of the Klan membership, or how many belonged. It has been estimated that some half million wore the hood, yet it may have been less than a hundred thousand, for the Cyclops, when coming from their dens, marched or rode in single file, thus stretching the few to long single lines, and mis-leading those who met them on the road. Thus twenty men would appear to be a hundred or more. It was not the force of numbers, but the fear of that invisible something, that doubt, that uncertainty, and above all, that tight-lipped membership, that won the day. And far more fearful, the supernatural, that hit the niger, that made him change his political aspirations.

While the modern Klan lost its fraternal intent and desire to bring added glory to its earlier namesake, and went in for corrupting people's morals and giving the politicians a Gold Mine in votes, as well as fighting White Catholics and ending up by being outlawed by

Roosevelt's Red Officials, and caused the name of the Klan to fall upon deaf ears today. Had the modern Klan followed the older Order's Invisible scheme, we would not have our National Government loaded with Pinks, Reds, and foreigners. They would have rode to victory, just as they did during the Reconstruction days. In all fairness to William J. Simmons who revived the Klan name, he failed to take into consideration 100 days turncoats, modern Scalawags, double-talking politicians, and worse yet, a decaying Church leadership.

But before we close, let us raise the curtain and take a look behind the scenes in the original Ku Klux Klan and its Invisible Empire. Let us cast aside the dead bone of Confederate soldiers, fresh killed niger heads, remove the tinsel, hoods, robes and the queer titles of its officials, and see just what made it tick and why it was a victor in the struggle for the Supremacy of the White race in the Southland.

There was more than just bones, dead niger heads and a ritual delivered from memory. It had to be or it would have fallen flat. And it didn't fall, but rode to victory.

It all added up to a simple and logical move. The Aryan race, was faced with elimination, loss of White supremacy, and all that they cherished, and being of that part of the Aryan race that was neither weak or bloodthirsty, they surrendered their individualism to the extent of obeying orders and standing as one till their battle was won. Being of the White race, and not sadists or destructionist they knew the value of far greater weapons. The psychology of fear planted in the enemy. It was used and when the day came for the Invisible Wizard to utter his last edict, "Disband," it was carried out without a hitch.

As the word "disband" passed on down the line, the Klansmen turned his horses' heads muzzled in the dusty roads, they rode back to the den, and never more were seen. But perhaps today, they meet in solemn conclave in that Invisible Empire whence none return.*****

FACTS--NOT FICTION.

By Alton Thatcher.

The Negro is not, never has been, and never will be the White persons mental and psysical "equal". Even the hopeless imbecile or idiot should very easily detect the great psysical difference. Yet, by methods of false propaganda and scathed lying, the hot-eyed disciples, Comrades and left-wing extremists in Washington and in areas wlsewhere are trying to boost and elevate this African "inferior" to a strange position "equal" socially, mentally and psysically to that of a superior Whites.

By lies, repetition, and a monopoly, ----- of the press, the public was (and is being) prepared gradually by race-mixers for the event of White and Negro admixture which would have caused a great shock and uproar without the propagandastic softening.

"Hidden" Communists-Zionist Jewery (Trotskyites) and his front "chat" men and political "bed-fellows" would have us believe their form of socialistic rules are always right and for the best interest of the country..never violate their discipline or you shall face their reprisal..their program is your dogma. And it demands your complete surrecnder to the cause of World Jewery and mongrelization: he builds the Jewish Frankenstein of World Communism while you sleep; you must be taught out of one school text; you must overthrow all human values; Christianity is to be displaced by the STATE RELIGION; Love is to be interpreted only as a medium for an ascending birth-rate of mongrels; morality and marriage is to be discounted of Whites and Negroes by sanctioned illegitimacy; a race indeed is to be created, a yellow race of barbarous automations, and prostituted
EN MASSE.

The Judicial decree, rendered last May, forcing together in schools white and negro children was a masterpiece of planned treachery and Communist appeasement. And as a result there is already in parts of the country much racial resentment and social unrest involving self-respecting Whites, whose children in schools are sharing the hated and branded ordeal of "Race-mixing." The Jew dominated press, radio and TV net-works will never reveal to the public the extent of major dis-approval to create a false impression among the White populace that the "integration" was reasonable "accepted."

Every bird is allowed to defend itself if its nest is attacked. Only White American has to lock on, with her wings clipped and her claws blunzed, while her nest is being defiled and may possibly destroyed.

These are Judaic social processes and political conditioning of moral dis-integration through which America is passing. These are the processes which organized Jewry and his cohorts are inflicting upon us through the Communistic United Nations. The American people are forced to live in almost complete darkness about these events., for nearly all news which reaches them are brazen distortion. Yet, fathers and mothers are seeing their sons and daughters engulfed by the emotional waves of mongrelization or driven into it by Judaized federal forces.

The NAACP, headed by Jewry, has become PUBLIC ENEMY No.1. by stirring up among the American Negroes racial hatred of Whites and an inciter of race revolution against American race traditions. The Communistic Civil Rights and FEPC, spreading out under its present trend, will make a farce of all our free social institutions of civilization, the Church, the Schools and the Courts. Under a National NAACP law individuals and public schools are denied the right of free choice. The Jew-Zionist plan of total mongrelization, in collusion with mulatto agitators, backed by ignorant Negro-vote bidding politicians, apparently desires to destroy the leading (White) gentile with Negro blood and hopes the majority of innocent White and Negroes will instinctively fall into the "discrimination-baited NAACP trap", WHICH STANDS FOR SO* CIAL "EQUALITY" AND "RACIAL"

DISRUPTION. However, this entire unholy and satanic plot may someday back-fire when the American Whites have had enough of such vile imposition and ruthless cramming.

The poisonous "Civil Rights" propaganda virtually always strives to elevate the Negro, while at the same time it tries to consistently to "shame" and discredit Whites who desire God-made Laws of segregation.

Yet there is a segment of Whites already going over to the God-forbidden act of mongrelization which could reach dangerous proportions and result in partial ruination of America. But as long as there remains among Whites a spark of resistance, there is a chance of saving our country from the fate which befell Sodom and Gomorrah.

Who and what is it trying to pull down the pillars of the temple of civilization and striving to obliterate the founder and creator of all political, social and economic advancement--the White man, the perpetuator of Christianity and better things of life? For that answer, let us expose the roots of this civil conspiracy.

The Himmler-Gestapo CHIEF of the National Association for the Advancement of Colored People is none other than Jewish Arthur Spingarn, President of this so-called NAACP which is a subsidiary of the American Jewish Congress. These Jewish agencies used Negro lawyers as "fronts" to "argue" for Negro CIVIL Rights and racial "integration" before the U.S. Supreme Court, which last May decreed segregation in public schools "un-constitutional". This decision grew out of a vicious Campaign which had its origin in a 1921 directive of the Communist International, written by the Soviet Chief of Propaganda, Karl Radeck, a Jewish Revolutionary, to stir up racial strife between White and black, to force the two together, to stir up race riots, and to agitate for "Negro Rights". This directive was read at the Bridgman Michigan Convention of the Communist Party of America, Aug. 20, 1922. It outlined the basis for Civil Rights" agitation which has been used since that date by the American Jewish Congress and its sub-

sidary, the NAACP.

On Aug. 22, 1922, the Bridgman Convention was raided by U.S. Government agents, and the Radeck directive and countless other Communist documents were seized and placed in the files of the Federal Bureau of Investigations, but, J. Edgar Hoover is under orders not to reveal the Radeck directive. To do so might place the Supreme Court in the category as a "Front of the Communist International."

At the Sixth World Congress of the Communist International which was held in Moscow in 1928, the Bolsheviks inserted into their plank the "Civil Rights" of the American Negro, under the slogan "Self-determination in the BLACK BELT" and to "Win independence and for the establishment of a Negro Republic" in the South.

However, the Bolshevik's early plans in the United States, was not only a sinister plot to bring together "into one governmental unit all districts of the South where the majority of the population consists of Negroes", but was to include the use of the "Negro Masses in its campaign to bring about the overthrow of the American Government by violence."

This is supposed to be a Government of the majority, by the majority and for the majority and should remain that way.

May almighty God save our country. ***

Dr. Curt Stern (Geneticist)

Frenzo Bee, (Sept 21, 54) quotes you "Caucasian Race will absorb Negro." What a mis-statement!

Taxpayers should see that any SCIENTIST of your calibre be kicked out of U.S.

A drop of Negro blood is like a drop of ink. The ink will color a whole glass of water, and the COLOR AND STINK of a Negro, consin to the baboon rather than the human race, will corrupt the blood of the White forever and every.

Your philosophy, put in practice means extinction of the white race, and is unthinkable to white and black alike.

WHAT DO YOU THINK?

By Mrs. M. Conan.

Some months ago I received an unsigned post-card from Philadelphia, Pa. The contents, printed in nice large type, read:

"THIS PERSECUTION! Why do the minions of the FBI search out Jews almost exclusively in investigating atom spies? There are many races here. Surely there must be many among them who are equally guilty!"

"Why is America's 'Security' efforts turned against us? With thousands of every race, creed and color belonging to the Communist Party, a purely political one like the Democrat or Republican parties, why do authorities of law and 'justice' single out Jews almost exclusively to be tried as 'seditionists' and under such a biased Judge as Medina!"

"Why even in a local scale, do gестаapo police arrest and fine Jewish merchants almost exclusively, usually under the pretext of 'short weight', 'narcotic sales', 'unsanitary conditions' and other minor infractions?"

"We have done more than any other race to enrich America. Our people are the intellectual leaders; leaders in professions-law, medicine, politics, finance, leaders in merchandising, motion pictures, stage, radio, television."

We DESERVE better. As citizens and citizens to be, we DEMAND better treatment than this biased, bigoted, intolerant persecution, based solely on ignorant prejudice and our determined rejection of Christian faith. Germany was destroyed for just such tactics against us." End quote. In small letters in left hand corner of postcard appear the words "World Zionist Conference".

I will make a few comments on the above. First, the Jews ask why the FBI searches out Jews almost exclusively: This is false: the FBI attacks no one until it has absolute proof of guilt, but it is an established fact that more Jews than any other race are involved in subversive movements. They alone are to blame because such a large number of their race is sought out. If they were not engaged in such treason, they would not be apprehended and "persecuted" as they call it.

As to "Why is America's security effort turned against us?" as the Jews ask. That is very simple when one considers that the leaders and

backers of Communism are Jews, isn't it? Communism is NOT merely a political party, as the Jews would have us believe. It is a gigantic conspiracy to overthrow our government, so that Russia can take over dictatorship of the entire world. Certainly our Republican Party or Democratic Party have no such intentions, therefore it is ridiculous and an insult to liken the Communist Party to such American parties. As to Judge Medina being biased; No Honest judge could have given any decision contrary to the one given by Medina. What kind of a judge would he have been if he had turned the proven traitors loose?

The third paragraph which complains that our gестаapo police arrest and fine Jewish merchants almost exclusively on "short weight" "narcotic sales" etc., is ridiculous. No favorites are played in such case. Any way, I never heard of a policeman fining anybody. That is done by a judge after a fair trial has been held. The policeman only makes the arrest.

The fourth paragraph makes me laugh. So Jews are intellectual leaders. What a joke? Jews are smart in a way. We must admit that they often pull the wool over us poor, dumb gentiles, and they beat us nine times out of ten in a business deal, but they have not enriched America as the post-card claims. True, however, they have enriched their own race. One cannot spend a dollar that fifty cents does not go into some Jew's pocket. Look around you and you will see what I mean. The Jews do not produce--they take what we produce and get rich on it. The world would starve to death if it had to depend on Jews to produce.

Well, perhaps I was wrong when I said the Jews do not produce. I was thinking of manual labor-

the Jews do produce; look at the filthy movies, comic books, radio programs, etc., produced by Jews. Great achievement, eh?

During the Great Crisis under Roosevelt when he plowed under our crops and went on relief, did any one ever see a Jew standing in the breadline? Not on your life. The Jews were in the offices doling out the relief checks to the poor Gentiles; THEY handled the cash and at good salaries, while Gentiles crawled on their knees for help. Yes, the Jews are smart all right!

Now, I am not condemning ALL Jews. I know so well how a Jew should accept our Lord Jesus, is persecuted by his own race--even his loved ones turn against him. Talk about persecution, no race is more adept in that cruel art than the Jews themselves! But, I do most heartily condemn those Jews, who, through their own admission have grown wealthy and come into power as politicians, etc., here in America, and still are working to destroy our form of government and place all the world under slavery of Communism. For such base ingrates I have only contempt.

The last paragraph of the card DEMANDS better treatment, and states this persecution of the Jews is based upon their determined rejection of the Christian faith. The last sentence reads: "Germany was destroyed for just such tactics against us." Is this a threat? I take it to be.

Now, if the Jews, as claimed in the post-card from World Zionist Confederation, are the "intellectual leaders; leaders in the professions law, medicine, politics, finance, merchandising" etc. etc., what in the world are they kicking about? Apparently they own and run this country. What else do they want?

Note.

In answer to Mrs. Conan's last question, we'd say, they want a One world Government, and they in the saddle, and a mongrelization of all white races so they can feel they are a superior people. Which would be a fact if the white race were so silly as to mongrelize their own race.

WASHINGTON, D.C. THE COMING BLACK CAPITOL OF THE WORLD.

Dear Editor:

Since the 6-pointed star is the emblem of the Anti-Christ Organized Jewry, why is it on our 1906 Half-Dollar and on the 1921 Silver Dollar? Does the "In God We Trust" on both those coins mean the USA is committed, thru its official coinage, to putting our "trust" in Satan? Surely what has happened to USA since 1906--panics, wars, corruption of all kind, and nauséum, with a Satanic World Government to be clamped on us in 1955, if the Anti Christ forces have their way, is evidence we have been worshipping Satan, for all practical purposes, instead of Christ.

No wonder we face "liquidation" brot upon ourselves by our sins of commission and omission.

Demand of your Congressman to take action to take all such anti Christ coins out of circulation. Melt them down before we are "melted down" by atomic heat, for Christ cannot save us unless at least a few "elect" elect to do what they can to inform and warn, as well as pray.

For Christ and Country.

Charles B. Hudson.

Mr. Hudson has a right to worry about that triangle Star that he tells us is on two of our coins. That little triangle star is coming into view quite often in this day and time. More so than many realize. But there are other symbols beside that Star. Its that little K in a circle that is found on many packaged food article today. Few housewives ever notice it.

But, brother, that little K; just like that double triangle has a lot of Jew behind them. It means that a Rabbi has had his snoot into what a Gentile has to eat, the little K, is his stamp of approval. Ever think of looking and refusing to buy such articles? Or better still, refusing to buy and product made by any concern that would palm off a Kosher article onto a Gentile.

K, means Kosher, and Kosher means a Rabbi has put the Kibosh to it for thinking Gentiles. ***

HOW LONG IS THE WHITE MAN'S NOSE?

By Dr. T.R. Montgomery.

A long time ago when a person wanted to speak disparagingly of another's foresight he would say that person "could not see beyond his nose." So, let's check up on the collective Nordic or White Man's intelligence and foresight.

I see in the papers that England is now beginning to pay for some of its folly in helping to start racial troubles, especially in our South. The opposition to slavery largely originated there after they had sold us a million or so. It has been the custom of the English for a long time past to allow a free flow of the individuals of its colonies to and from England without let or hindrance or supervision. So recently a howl has gone up from the best people of England over the swarms of "colored" nationals from India, Africa, Jamaica, etc., crowding into England and especially London. The boarding house landlady's, pubs, etc. refused to take them in or give service, but the labor-vote conscious government has forced the entry of these near savages into the private places formerly reserved for the home citizens with resultant anguished, outraged protests. The labor politicians are welcoming this destructive influx for they can see they will again get control of the English government as a result. Another reason for this influx is that soon they will join the ranks of the unemployed and unemployable and get on the "dole" lists for an easy life.

But we laugh too soon at England's plight in this respect. Our papers further record that the U.S.A. is in for trouble of this kind, too. The "real" people of the New York-New England section, already overburdened in this way, are said to be genuinely disturbed and alarmed at the hordes of Porto Ricans pouring into that area. Now, if it did not affect us Southerners adversely, we could sit back, laugh, and say, "it serves you right," but the truth is that the more the populations of whatever quality of these Northern areas the more Congressmen they will have to over-ride our ideas of civic propriety. Up in that country, as here, they have a dole system, too, and thousands of large families have lived there for years without a lick of work. These people coming into our "democracy" are

the crooked politicians Buddies. I believe I read that the "Character Oak" in Connecticut was being downed because it was dying. Recently it was said in the papers that up in Missouri an oak tree more than 400 years old was being cut down because it had been dying for two years past. These giants had withstood the elements for these many years but senility had taken its inevitable course. So, now like the Nordic or White race. Any student of anthropology or genetics would tell you that it is dying, too, as inevitable it must go the way of all living things. A "film" is covering its eyes and it is becoming blind and cannot "see beyond its nose."

At the end of our Civil War there were about 3,000,000 negroes in the South. Now, 90 years later, it is estimated that there are about fifteen million negroes in the U.S.A., an increase of five fold. The prolific negro can be expected to maintain that rate of increase and after the passing of another 90 years there would be 75 million blacks and mulattoes here, not considering these swarm of "coloreds" that may descend on us from all over the earth if the "One Worlders" get control of things.

Truly, the White man is "blind as a bat." We now have politicians and others proposing various schemes to keep our children segregated in our halls of education and other places. All of which is very commendable except that they are only temporizing measurers.

Regardless of what we do as a blocking measure, in the next three generations, if we keep out the "One Worlders", we will be swamped and sunk without a trace. It is entirely reasonable to expect, with all the book education we are shoving upon them, that in the space on one little future generation we will see the politicians put a negro on the presidential bal-

lot and there will be more and more negro Senators, Congressmen, Governors, Sheriffs, Cabinet Officials, Ambassadors, all over and the lesser ones will fill the sub-positions just as they are now doing and, of course with all race mixing in the Armed services there will be negro Generals, Admirals, etc. Nice prospect for us silly Whites, W.O.W. There is not enough ammonia in the drug stores to bring some White people "to" if they could visualize the negro situation in the World's negro capital. (Washington) right now.

The abominable F.D.R. cracked the door to this awful situation, it was continued by the mentally degraded "ruman" and now the puppet pinheaded Eisenhower has shoved the doors wide open for the negro to bring about the downfall of White Civilization.

So, if the White people of this country have as much sense left "as God gave a goose," they will rub their eyes, awaken, extend their sights, forget sectional jealousies and quarrels and unite--the situation involves North, South, East, West, --and work to repeal the illegal and forced 13th and 14th Amendments whereby the negro was allowed to vote on the question of his own qualification for citizenship, a position said not even to have been contemplated by "old Abe" himself. Then colonize him gradually in his native country (if they could be induced to accept him) under conditions by which he could make a start and see if he could maintain that wonderful progress his fanatical admirers and boosters claim for him. There may be a little time left to do this successfully by concerted and quick action on our part and we will need some genuine, self-sacrificing White Patriots as we once had in the glorious past, to lead the way and remove some of the road blocks, for we now have a "Supreme Court" which openly acknowledges its decisions are made from books on Psychology instead of the now venerated and legal Constitution.***

THE WHITE RACE PAYS FOR THE INCREASE.

When the White man labors and produces a day's labor for a days pay, and then has to fork part of it over to the government, instead of taking it home and using it to buy food and clothing for his white children, he should inquire from his elected officials, just what his hard earned money is being used for. It might surprise him to know that unproductive and lazy colored people are waxing fat, and breeding mouths for him to feed. And later, out-voting him and his children as well as destroying his opportunity to work.

There is no community where a negro settlement has sprung up, but what the majority of them, somehow manage to get on relief, and the worse is the fact that our Government, using the hard earned White man's income tax money, they encourage the breeding of more children by paying a nice sum for each child, regardless of whether it is illegitimate or not. Thus paving the way for an inferior and unproductive people to overrun the nation, and perhaps later, if their numbers become great enough, making of the White race a slave to produce for them, just as the drone in a bee hive lives and produces nothing.

It is absolutely wrong in principle as well as sound economics for any Government to pay a premium for breeding an inferior people that at best will never be able to provide for themselves. And White labor who must produce the greater part of the tax money and compete with these non-productive inferiors for jobs, should awaken and demand the repeal of the Income tax Amendment.

Every White worker, who now is paying income taxes, should realize, that part of it is used to pay for breeding an inferior race and that each child born to them will when his children grow up, be waiting for them to feed their hungry mouths, and also keeping the Whites from many a job. ***

WHO PROMOTED PERESS?

By Manuel and Lucille Miller.

Until this question is answered, the growing recital of alleged anti-Communist activities by this administration is a mockery. Firing a few drunks from the State Department without disturbing or even identifying the officials who knowingly promoted a Communist--that's really straining at gnats and swallowing camels! The Defence Dept. was nagged into sending a list of 30 persons who had a tooth filled by the Communist Major Peress during his short and happy trip through the Army, but this list is just another stall. What we demand to know: who signed the order that made Captain Peress into a Major?

Until this question is answered the Republicans might as well share with the Democrats the Headquarters of the Party of Treason. Under Roosevelt and Truman there was treason all over the place and there is treason all over the place now. If the Republicans want to lighten this burden a little, let them give us the name of the sulking traitor who signed the order to have Peress honorably discharged, not because the Republicans did not WANT him in the Army but because they wanted to save him from McCarthy.

It was plain that the Republicans did want Peress in the Army, by the squealing they set up. If McCarthy had not been closing in on Peress so fast in that noisy and determined way which the Republicans find so vulgar and distasteful, Peress would have stayed on in the Army and his upward progress would have been very rapid, like that of many others communist Jews. People ask: why do we have to have all these Peresses and Zwickers and Rebers and Kleins and Goldsteins and Eisenbergs? Has every Jew in the Army got to be made a General overnight and is nobody qualified to be a General any more except the Jews? To that question there is no answer.

The answer lies in the new use for the U.S. Army which exists no longer primarily for the defence of the United States. That is the last thing it is for. The New U.S. Army exists chiefly to implement the policies of the State Department. For example, the Assistant Secretaries of State get word from their colleagues in the Labor Dept. that unemployment is rising and it would help if twice as many young men were taken out of the country. So the boys at the State whip out a map and draw a line, say down through the middle of Libya. Then they call a press conference and let the wire services know that East Libya is really churning and if something

isn't done to guard West Libya there might be an aggression which would touch off World War III, so 50,000 draftees are sent to West Libya which relieves the unemployment by that much and has other "desirable" side effects but the project requires a lot of officers to give it class.

Now the Jewish-run Pentagon has been having officer trouble for years. Look at MacArthur. Refused to lose a war. Look at Van Fleet. Told the people about it. Look at Lawton. Tried to help McCarthy. All these officers and any others like them were speedily retired so they could do no harm. The Pentagon said "why bother with these undependable Generals who have no sense of duty? We must have TRUSTWORTHY officers who know which side their bread is buttered on." So they stepped up production of Jew Communist Generals because they could be TRUSTED--by the Pentagon. So we have Rebers and Zwickers and Rosenblatts and if we should take our eyes off Peress a minute we would find he had been recalled and made a Colonel.

Elliott Roosevelt rose to be Brigadier General very quickly but the all-time champion for quick promotion was Eisenhower. He was a Lieutenant Colonel at the start of World War II but he had qualities which General Marshall valued, namely a strong stomach and a weak conscience. Eisenhower shot up so fast that he must have skipped some grades altogether. When the smoke of World War II cleared away Eisenhower had 5 stars and an offer of the Presidency from Truman. Is it any wonder that Eisenhower has only sympathy for a bright boy like Peress. Is it any wonder that Eisenhower is peeved at McCarthy for interfering with Peress?

Now in November the friends of McCarthy are going home. They voted

YOUNG IN UTTER DISGUST.

My Dear Senator Watkins:

As Editor David Lawrence ably points out in his editorial on this pueril, senseless censure against the Senator, this august body the Senate, once attempted to censure Utah's Senator Smoot because some of his religious antecedents had practiced polygamy! Maybe YOU should be censured on the same grounds.

the courts, or the Senate, going to impeach and punish the men who have "collaborated with the Enemy" all down the line- and still are? WHY prefered to fight Communism abroad, and then censure and disgrace anti-Communist fighters on the home front? Don'T you KNOW that the No.1 announced objective in the Communist platform-as stated in their literature, their conventions and in the newspapers-was to "GET McCARTHY" at all cost, as well as to mongrelize the United States-which the Eisenhower Administration and the Supreme Court are doing, to the best of their ability? And you call yourselves "peers" of this peerless AMERICAN PATRIOT, McCarthy, who uses every ounce of his strenght to fight the real Enemy -except that a large part of it is drained off in fighting the attacks of his "friends?" When are the Senators going to be impeached and punished who voted us into the unconstitutional UN and NATO, and all the other Foreign entanglements that are so damaging to the best intrest of America?

The U.S. Senate has become so

BLACK MENACE STRIKES AGAIN.

By Bob Currie.

Another negro murderer and rapist, so common among the black apes of America has struck again. This time at a peaceful farm home near Hastings, Nebraska. The victims a beautiful young white mother and her five-year old baby son. The baby at this writing lies in a morgue with a crushed skull, the mother at the point of death is a Hastings hospital. A dirty black negro by the name of Daniel R. Smith, twenty-five years old is the confessed murderer.

This beastly brutal attack and murder occurred on November 2nd/54. This heartless attack on a pretty young mother, and the bludgeoning to death of her tiny son who tried to aid his mother is a clear example of a fate that may await many other white women and children if this great black menace in the United States is not curbed soon. This black murderer has been rushed to the State Penitentiary in Lincoln to avert a possible neck-tie party by the engaged citizens of Hastings.

Already the radicals and scalawags are planning to help him escape justice by pleading insanity. The National Association for the Advancement of Colored people will soon be putting up money, and sending high-powered Jew lawyers to Nebraska to defend this black beast whom I heard admit and describe his horrible crime as sanely as anyone. They will be there at his trial to sound the familiar cry of racial discrimination.

If such deeds as this awful crime doesn't awaken the white people who have been coddling the negroes then nothing will, and may God help us when the Jews and the Negroes take over. There won't be a white woman or a child safe in the United States.

The Lincoln and Omaha Newspapers, like so many other Jew controlled newspapers in the United States today, have been extra careful not to mention the fact that this cold blooded murderer is a negro. As usual they always try to hide the fact and cover up for the black race.

How do you suppose our big "race mixers" would feel had this been their wife or child, sister or daughter? This is an example of crime and horror which will sweep over the South if the radicals, Communists, and Nigger-Lovers are successful in abolishing segre-

gation in the South. It will no longer be safe for your wives, daughters or sisters to walk the streets, nor will they be safe at home. The black menace will be a constant threat hanging over the their heads. For God's sake, and the sake of your loved ones fellow Southerners wake up before it is forever too late.

ITS TO COMMON TO BE NEWS.

This murder and rape that Bob Currie mentions, has become so common in the United States that the newspapers do not see it as Newsworthy. While Mr. Currie has gave us a view of what happened in Hastings, Nebr. rape of white women and brutal treatment does go on in other localities. And worse still is the fact that in a great many cases, little girls, hardly ten years of age are the victims.

The trial of Dr. Sheppard rates Front page, but the rape and murder of a child or young mother, gets no further than the local newspaper. That is if the crime is committed by a negro.

Our newspapers will tell us that the murder of Dr. Sheppard's wife was gruesome, and thus news, and if that is the case, and not a lie, then all one has to do is to study these rapes, and murders by those black brutes. Everyone of these crimes committed by a negro bears the earmarks of low brutal savagery. It not only bear the marks of sexual desire but a hate for its victim. A hate that comes from a savage who knows no law but that of their making. So, here is gruesomeness and to the limit, so why does our newspapers refuse to accept it as news. Are they afraid if the people were informed they might take action? Think it over.

BACK-PEDDLERS BACK AGAIN AS HATE-PEDDLERS.

By John Henry Monk.

There was a time when the Jew peddled hosiery and harps; now he peddles hellishness and hate. Then he was a patient plodder; now he is a poison publisher. Then his main line was finery; now its filth.

Take this vest-pocket 15¢ thing called INSIDE, about the size of Grass Roots or the Political Reporter and found on all questionable newsstands--that peddle Yiddish filth and hate in all languages, specializing in the dirt of slang, vulgarity and lust. It is printed on the standard thick-slick paper that looks like dope and it goes in strong for FOTOS. Take 8 sheets out of Grass Roots or the Political Reporter, fold them twice and you'll have a bundle the size of toilet paper and INSIDE. The thing shows neither publisher, address nor subscription price. It is strictly a newsstand magot. Small bulletin on front cover; "EXPOSING PEOPLE and scandle."

In the October issue, our own F. C. Sammons, Merwin K. Hart and Gerald K. Smith are "Exposed," and stamp size pictures of them are shown together as the outstanding "Waters" of this country. Mrs. Joseph P. McCarthy, also, is "exposed" as an adventuress who doubtless would give Joe the bounce if something more attractive came along! NUTS!

There's a lengthy article on "There Daffy About ADULTERY." For once, no doubt, the truth. A Jew pianist--LIBERACE--who looks like a bawdyhouse patron in his choice toggery of "many colors" is spotlighted. Other lewd slants on sex and lust are projected. There is an article on fear, fear, FEAR. Narcotics Commissioner Anslinger, who makes his reports to the U.N. (not U.S.) is given a four-page showing along with a choice picture of himself. The Government of China is help up as an international peddler of dope the article showing, if anything, that Anslinger either is lying or he is incompetent. Anslinger's racket--if that is what it is--should be honestly investigated by Congress--and I mean investigated, and I mean honestly investigated.

Broadway comes in for a scoop in FOTOS, a poison brain-boring newsstand magot. *****

Forest C. Sammons Dies of Crash Injuries.

Forest C. Sammons, whose many articles have appeared on the pages of the Political Reporter, was in an auto accident Oct. 15th and died Oct. 17th. He resided in Huntington, W. Va.

The passing of Mr. Sammons is not only a great loss to the Political Reporter, but to many other publications that were against Communism, as well as the West Virginia Anti-Communist League, which he headed.

Note: Forest Sammons was an individualist in his thinking. A deep student of ancient history as well as modern, his many articles brought to light some glaring facts, yet because of orthodox thinking on the part of our people, we felt it best not to publish, because they would misconstrue it to mean it was hitting at them personally. Yet had they only read his works, they would be far more able to fight Trotskyism here in America. That is just one of our many troubles today. We just won't accept another's thought, or grant them an audience, so as to find out what another has discovered. Most of us would rather be blind than have our eyes open to what goes on. Is it any wonder the Trotskyites have been able to capture our government?

Yes. Forest Sammons' death will be a great loss. A loss that can never be filled. Its only once in a life time that a man of his caliber comes along. And in this day, when our youth has been trained to expect the Gravy Train, one doubts if another Forest C. Sammons will come upon the stage and take up the battle.

ARE YOU SENDING A YEARS SUBSCRIPTION TO A FRIEND AS AN XMAS PRESENT?

INVESTIGATION BRINGS OUT THE FACTS. (HSM83).

By HORACE SHERMAN MILLER

At public hearing, 14 June 1954: INVESTIGATION OF COMMUNIST ACTIVITIES
Mrs. Barbara Hartle. Most of the members of the youth committee of the Communist Party were also members of the Labor Youth League. In a case where a youth committee member was not a member of the Labor Youth League, it was because he was carrying on Communist youth work in some other organization, like the (NAACP) National Association for the Advancement of Colored People, or he might have been sufficiently involved in University of Washington youth-organization work that it was not considered feasible for him to organizationally be also a member of the Labor Youth League. But that was not a matter of principle; it was a matter of assignment.

Mr. Kunzig. What was the position of the (CP) Communist Party here in the United States on this Negro question?

Mrs. Hartle...at a Comintern meeting in about 1929 it was decided that the Negro people in the black belt of the South are a nation, and this position was adopted by the (CP) of the U.S.A. (See note ED. 1, on this position).

Mrs. Hartle. According to the Communist theory the Black Belt is the area of Negro majority in the South. It cuts across State and county lines, and it is the Negro people in this area who are a nation. The rest of the Negro people in our country are not a part of this nation, according to Communist definition...and therefore teaches that the Negro people, as a whole, are the main ally of the proletariat in the US. And a great deal of emphasis is placed by the (CP) on the willingness of the Negro people to fight for their rights. Great hopes are raised that the working class, supported by the Negro people, will be a strong striking force when Negro labor unity is achieved.

Mr. Schrer. But the whole objective eventually is to gain converts for the Communist cause, is it not?

Mrs. Hartle. Yes, that is true. The overall strategy is the proletarian revolution. That is the overall strategy of the Communist movement. The seizure of power by the working class of course led by the (CP) for the establishment of socialism, which at later stage develops into communism.

Mr. Doyle. Do I understand you to say in substance that the hope is that the working people, with the people of the Negro nation, will form a striking force? Didn't you use the term "striking force"?

Mrs. Hartle. Yes, I did...the objective is the seizure of power, and the striking force then expecting what is called resistance with arms. Lenin speaks of armed insurrection a great deal in his works, which I have read and studied.

Mr. Doyle. Do I understand then that your testimony is in the U.S. being taken over by the Communist philosophy, that the reason that the (CP) is advocating that there should be a Negro nation, and in that Black Belt, is because they expect and want to use the Negro people in the Black Belt as a part of the violent striking force?

Mrs. Hartle. Yes, I think that that is quite a fair description...It is never conceived in the (CP) that anyone but the (CP) could lead this working class in assuming power...the working class must mobilize all the allies it can who will go along with it. If the Negro nation will rise and force its own self-determination...and create enough support to make it possible for the working class to retain power after seizing it. And it is frankly recognized in Communist theory and that the whole strategy is not for the main purpose of Negro liberation but for the purpose of the proletarian revolution and this is not hidden in Communist theory. (See note ED.). (Turn to next page please).

MSM83) continued. Mrs. Hartle. Then Jacques Duclos, a French (CP) leader, wrote an article in the theoretical organ of the (CP), it is called the Duclos letter - this article stated that the American (CP) had gotten off the road of Marxism-Leninism, off the road of class struggle - accused Earl Browder of revisionism of Marxism-Leninism. It was printed in the Daily Worker...evidently William Z. Foster had had ideas along this line, too, and the result of that was to reconstitute the CP, dissolve the Communist Political Association in 1945. So the Communists of this country reconstituted the CP on Marxist-Leninist lines program theory.

Mr. Velde. Isn't it true, too, that the Duclos letter advocated more militancy in the CP?

Mrs. Hartle. Yes, that was the analysis: That there could not be peace in the world and that there could not be peace in our country, that the class struggle always goes on until Communists win out in a world scale and you have socialism and later communism assured on a world scale.

Comrade Browder reads the CP OATH to initiates in the New York district in 1935: "The undersigned declares his adherence to the program and statutes of the CI (Communist International) and the CP of the US and agrees to submit to the discipline of the party and to engage actively in its work." In the ranks of the CP, all members are in the forefront for Negro rights, rally the masses to defend the triumph of Soviet power in the US, and submits to discipline of the party.

Ed. note: "And here you are, only change the name from Russian Communist to the present day Zionist Communist, or better still to that Trotsky CP that was started in 1928 when Trotsky was kicked out of Russia and Jay Lovestone, the man who still holds a high position in the AFL, organized this Trotsky movement. And remember it was the Jew Trotsky, while second in command under Stalin, that drew up all these plans to use the negroes in the SOUTH to create a Black Democracy.

So today, those that still try to sell upon the Stalinists being the ones who are backing the negroes, it is not so, for the man who drew up the original plans, was Trotsky, and it was his backers who got kicked out of the Russian CP who keep alive this desire to use the negroes to start a revolution in the SOUTH, and then take over. And who would take over? Why the Trotskyites, a front for that ages-old ZIONIST PLAN TO RULE THE WORLD. ###

Dear Editor:

Our Next President.

The New Deal Democrats and the New Deal Republicans are now in control of both the Democratic and Republican parties and are fast ruining our once great Nation.

Abraham Lincoln said "When the interest and fortunes of political parties exceed the welfare of the State, it will be time for good men and true to desert their parties and go to the rescue of their Country." Love of Country must be above love of party. Any other attitude means disaster.

To save our nation from destruction, we must have for President in 1956 a Thomas Jefferson Democrat like Gov. Allan Shivers, or an Abraham Lincoln Republican like Gen. Douglas MacArthur.

Both have proved to be loyal to our Nation, and are loved and honored by their countrymen.

B.A. Jones.

Rout. I. Denison, Texas

Note.

We agree heartily with what Mr. Jones has said so far as the need for loyal politicians, yet we do not agree to accept anyone that still clings to parties and permits their names to help carry on the party's disloyalty. If one would clean up gangsterism, he cannot belong to the gang, for it takes a desenter with backbone enough to get out and from under that proves their worth. Right now there is plenty of room for politicians who would do, but not under present party labels.

YOU CAN'T LIVE IN GLASS HOUSES AND THROW EGGS.

By Harry William Pyle.

The old saw about living in glass houses and throwing stones applies very well to the Jewish press, its Jewish writers and speakers, who have all the stops out and are screaming their heads off about those white men and women who will not accept race mixing in the south without fighting to the last ditch. They sneer and apply all the hate creating words found in the dictionary, and above all, try to convince themselves if not others that White Supremacy is a deadly disease that will destroy the United States and maybe that One World scheme. Yet, never admitting that the belief in White Supremacy is no worse than the belief that you are God's Chosen people. So looking into their glass house, we note that they too have a dirty shirt, if it is a dirty shirt to believe in your own race.

While I am not convinced that any God gave the Jew the right to call themselves the Chosen, and I refuse to accept any such as coming from any God, I still am willing to let them believe what they wish, just so long as they do not try to force their silly beliefs upon me. They have a right to any beliefs even if it gets them into hell and hot water. But its quite another thing when these self appointed Chosen try to create hate against the Aryan race because they believe in White Supremacy. White supremacy among thinking Whites is backed by a religious thought that a God gave the right to remain a white race to them.

Today, with the Negroes, Jews, and the throw-backs of the White race, being all out in trying forcing a racial mixing in the South. Its the same old story, and their writers as well as the Trotskyites, also a Jew, that has went the limit in trying to create hate among the white race, but many of the colored races, by all means, are dirty rats who think White Supremacy is something good, and a fight. Yet, the Jews who live in glass houses fail to tell if that Chosen people racket that is far more to be hated.

I believe in White Supremacy, and for the simple reason, history has proven that it was the White race that built our civilization, and went through wars, were never the destructionist, which our Jewish are not able to deny they foisted upon those who gave them citizenship. And it is their desire to destroy that makes them fight all who would retain segregation in

the south or for that matter in our beloved United States.

The man who believes in White Supremacy is the man who believes that the Supreme Ruler of the Universe must have some reason in creating races of many colors. And like the Jew and his Chosen One, they have a perfect right to preserve what they believe to be what was intended from the first. And, I think they are quite right, for they have written history to prove their contentions, while the Jew at best has nothing more than something handed down by word of mouth for centuries, and in the handing down, perhaps got badly twisted and changed to fit a plan that could prove profitable to the Jews.

So let us suggest that the Jew, stick to his fable of the "God's Chosen People" and lay off smearing the White race and his belief that God gave him the right to build and bring on a more perfect civilization and thus hold to a belief in White Supremacy. By doing so the White throw-backs won't discover the dirty shirt of the Jew who lives in a glass house.

So let us suggest that before these Chosen Ones go further in slurring those who believe in White Supremacy, they first admitance of the Negro to Israel and take down the bars to Christian teaching in that land that they stole from the Arabs. And once they have proven that intermarriage between the Negro and Jews wont contaminate their race, then we will be with them, and not before. But until they do, let us ask that they tend to their own damn business on racial problems.***

NEWS DIGEST.

FOR THE FIRST TIME SINCE 1912.

A pamphlet put out by the Illinois Negro Republicans to catch nigger votes, reports, nigger sense 1912 have eaten as guest of the Presidents. Both Roosevelt and Truman obtained from showing this measure of equality to Negroes. They name the following as those who have dined with Eisenhower in the White House.

Dr. F. D. Patterson. Dr. and Mrs. Ralph Bunche. Mr and Mrs. Archibald J. Carey. Secretary and Mrs. J. Earnest Wilkins. Mr and Mrs. Val Washington. Mr. and Mrs. Scovel Richardson Lippman Jr. Rev. and Mrs. Adam C. Powell. Judge and Mrs. Andrew Howard. Mrs. Robert L. Vann. Mr L. B. Toomer. Mr Joseph Ray.

While there can be no objection to a man's associates, and he can eat with whom he wishes at his own table, there is only this to say, Birds of a feather flock together.

LABOR UNIONS EXPOSE BIG IMPORT BY U.S. FIRMS OF SWASTIKA-DECORATED DAGGERS.

Adolph Held, National Chairman of the Jewish Labor Committee wrote Atty. General Brownell, protesting the importation of daggers coming from the Ruhr.

Adolph Held got rather riled up over these daggers and the Swastika design, and the The Voice, a Jewish weekly of Los Angeles, Calif. gave it a big play on the first page. In reading the Jewish version one would get the idea that every Southerner, every Communist hater, as well as every White man would be carrying one of these daggers, and, while the Voice didn't say so, they as much as implied these buyers would soon be trying them out

on the Jews. Its rather queer how these Jewish papers can find a threat in everything, and use it to enframe their readers. It might be, if left alone, some day like many White people, would be content to live in peace.

Gothic Ripples Published by Arnold Leese, 20 Pawley Hill, Guildford England. Reports.

The Jew Mendes-France (The Kerensky of France) has appointed the nigger Joseph Conombo as Secretary of State for the Interior, France.

Such news could be expected, as both the Jews and the Communists are hell on putting niggers in high places so as to create race hate and bring on that Zionist desired revolution.

HATE GROUPS ACTIVE IN DESEGREGATION FIGHT.

So reports the Southern Jewish Weekly.

A great amount of paper was used to tell the readers of this Jewish paper that those who are against race mixing are hate mongers, yet, the very words they use and the way they present the news, it is just plain hate and not even seasoned to taste. It comes raw, and like the rest of the Jewish papers that peddle all this segregation opposition stuff it is kosher approved. For if it wasn't they would not, in the same papers laud Israel to high heaven and Zionism. Even a blind man could feel the sent of Kosher.

Truth is publishing it and not twisting facts.

AMERICANISM IS SUBVERSION IN DALLAS, TEXAS.

Two police officers of Dallas, Texas hailed Patrick Murphy, a 17 year old High School student before a self-appointed court in the Principles office at Pat's High School and searched him, taking several membership cards of the PRO-Southerners, several letters and pictures as well.

Pat, being one of those mislead boys who thinks Communism is wrong and race mixing un-necessary, had secured membership in the Pro-Southerners, then went out and organized some 25 of his friend with like thoughts.

Having searched this youth, and in proper goon fashioned, made him understand, that liberty to think or organize any counter-attack against the Communism is wrong, they turned Pat loose with the warning, that they were placing the PRO-SOUTHERNERS on their Subversive list. Up to date, the F.B.I. has not shown up to see if Pat's Civil Rights were infringed upon.

Had this happened in New York City, where Communists are thick as fleas on a niger's hound-dog, one would not have wondered at such tactics, but coming from Texas, where they yowl about being against the Communists, then permitting their elected officials to use the Iron Curtain Countries tactics to put fear into this youth's mind and keep him from practicing his rights as a Free Born American Citizen, one wonders if those big boots the Texans wear aren't filled with jelly and the big hat used to keep the lard heads from melting. Where is that BIG scraping Texas man hid out at. Maybe under the bed, hoping some day a kid will come along and save them.

There is one thing to say about Pat Murphy, he may be only a Kid, but he has an adult mind and he is man, not a slinking citizen who fears to openly fight Communism. And in the days to come, it will be these Pat Murphys who'll save our country, while big booted Texans will hunt for the tall timber and collect a few bucks to buy medals for those that saved them.

WHITE WOMAN RAPED AND SON KILLED AT HASTINGS NEBRASKA.

A 25 year old niger, Daniel R. Smith, beat a 5 year old baby to death, raped the white mother, then beat her into an unconscious condition. This niger was taken to Lincoln, State prison for safe keeping. Bob Currie, who has this niger in charge, says he confessed to his crimes, and said also, that he just wanted to rape a white woman.

When will our White people wake up and realize that these rapists, are not an exception, but the rule among these blacks, and treat them as such. They cannot be trusted, and in nearly all cases of rape they beat up their victims after they have assaulted them. It is not only the crime of rape, but the savage brutality of these black people that prove them a long ways from being civilized. Every week it seems clippings are coming to us about rape in some locality, but our press is determined to suppress such news.

There is but one way to handle this menace, and that is, instead of collecting millions for all these heart funds, Polio funds, and all of the rest including a fund to correct ingrown toenails, we collect funds to be used to investigate these blacks, and all those with a tendency toward crime, should be sterilized, and all those with uninhibited sex urge should be castrated. In this way we not only will save the nation from crime waves, but save the lives of many little girls, young women, and mothers from rape. We must look upon these rapist, killers and thieves in the same light as we do a disease. And today, with the Zionist urging these blacks on, more rapes, more crimes against persons, more robberies, are going increase, and as it has become a national scandal we must recognize it as such, and deal with it so as to cull out the bad and permit those with respect for law and order to feel safe. Let us do that in the south before we permit race mixing.

THE WALLA WALLA STATESMAN HAS SOME THING GOOD.

W.H. Harold, editor of the Walla Walla Statesman has published a very informative bulletin. "ARMING THE UNITED NATIONS. It is a copy of State Department Supplement. This bulletin gives some facts that every read should have. It will give them a clear picture of that damnable Jew infested outfit, masking as an International Peace Groups, but is a war mongering, race hate, creating monstrosity put over on the people by Hiss, and our elected Officials. New York American-Journal. Oct. 3rd, 1903 reports.

CHICAGO, ILL. A revolt of school children at Oak Ridge School following the assignment of a Negro school teacher. The White teacher, Miss Catherine Ralph was put back.

At least 50 years ago, they in Chicago had racial pride and had guts enough to stand up for it. A shame they lack what it takes today.

Gothic Ripples Reports.

Carden Town, London, will soon be able to rival New York in this respect. Trouble over Niggers and White girls caused a two day racial rioting which resulted on Aug. 15th in a house being set on fire in Daynes Street. Razors, axes and knives were cut, with broken bottles to supply any deficiency of weapons.

NEGRO ARRAIGNED ON ARSON CHARGE. BALTIMORE, Md.

Alexander Partlow, 19, sets fire to a Million dollar blaze at South Baltimore. Partlow was convicted five years ago for setting fire to the same lumber yard where this million dollar fire was started this time.

Well, if it is not rape, murder, robbery, its arson. These blacks cannot understand the rights of others, so our Crime Records climb higher.

WHY NOT BECOME A CRUSADER?

by helping physically and financially those who are actively fighting all of the Communists movements. Not just some.

MASS ARREST OF JEWS IN EGYPT.

The Voice, Jewish Weekly reports. Twelve men and a woman have been indicted on charges of espionage in behalf of Israel and will be tried soon by an Egyptian military Court. All were Jews.

An earlier edition of the same paper reports 6 Jews getting long sentences in Rumania's High Court.

It looks like wherever you go, the Jew will be found infiltrating, snooping and trying to enforce his will upon those that permit them to live among them. He gets hung, jailed and run out, yet he will not learn to leave his Zionism alone and lead an honest life.

Perhaps it cannot be helped, for their make up is sadist, their illusion about being God's Chosen leads them to committe all the crimes in the book. They justify themselves in all they do by a false teaching about their origin and place among the peoples of the world. Even here in the United States, where they have been given more liberty than any where else, we find them backing all the Communists movements, and in their papers and magazines spewing hate against all that refuse to accept their opinions.

NAAACP ASKS INQUIRY INTO BEATING CHARGE.

An owner of a Mississippi Plantation, having his niger help on a drunk spree, called a Deputy Sheriff and had them arrested. One Niger woman with a small child also drunk, was brought in as well as the small child. It was the humane thing to do, so said the Deputy Sheriff, as there was no one around to take care of it. Now the National Association for the Advancement of Colored People is demanding redress from the sheriff.

If these things keep up, it may be that the law officials will have to lock themselves up and let the Nigers run wild. ---****

HOW LONG BEFORE THE PEOPLE TAKE ACTION?

As news come of rape, murders, molestation of children and women, teen-age gangs knifing aged people, all done by negroes or that come-lately Jewish element from overseas, we just wonder how long will it be before our white citizens take action and demand from our police and other law enforcing officials and from our law making bodies better protection. It can't go, even if the press failed to give publicity to these crimes against the person. In time the public will take up as it becomes a local problem.

Today with all the law enforcing officials being held up by the racial question and not permitted to be more active, it lags with the people to create in each neighborhood protective committees, who can at least protect their neighborhood from these beastial assaults and killing.

WHAT UNITED STATES SENATE HONOR?

We hear much about HONOR of the Senate since that body has taken upon itself the duty of investigation McCarthy. As we look at it Senator McCarthy was well within his rights to fight back, and in doing so, calling the cards as he saw them. It was not his fault if Senator Watkins wanted to help the Communist by trying to discredit McCarthy so his usefulness in the fight to rid our government of a large list of Communist would fall upon deaf ears.

As for Honor in the Senate, we are sure that none has been besmudged, for have we not had a Senate that sold us down the river and into the United Nations? Have they not stood idle while the Supreme Court assumed the power of making laws on non-segregation? In fact, since the New Deal first went into power, has the Senate in anyway shown much patriotism or loyalty to our States, or the Union? In fact are they not the tool of the Trotskyites and One Worlders and other Pink Ringed underground movement? In fact isn't Senators McCarthy, Jenner, Welkam about all

we do have that seem to bring Honor to that body?

HE IS STILL TRYING.

John Foster Dulles is still convinced that he can get us another first class war. He now is carrying a chip on his shoulder and dares "ed China to start something in Trotsky ridden Formosa.

When you file your income tax blank two months from now, just remember the world is full of lazy, worthless rats that want to live high on the hog, and will if you don't elect Congressmen and Senators who have other ideas.

The Income tax is a fine placed upon workers who have committed the crime of providing for themselves.

Senator McCarthy is living proof that you don't have to let the Communists kick you around.

That little circle with a K inside it, that is found on many product you buy today, means some Rabbi has stuck his nose into it and says "it's kosher."

Have you ever thought of becoming Crusader, by helping physically and financially those who are actively fighting this internal subversion?

Those comedy clowns who dress in feminine attire, prove that age has done nothing to a childish mind. Or is it perversion coming to the fore?

Why pay Income Tax when it's used to pay negro women for producing more black children; that you will when they grow up, have to feed, and provide jailhouses for them, so as to live in securing?

Don't worry. Those twenty odd congressmen that were elected to replace Republicans, will add a new look to Congress, but it will be the same old thing so far as you're concerned.

THE BEST AMMUNITION.

The best ammunition that can be used to fight Communism and its many side issues is to read, understand, and know how to distinguish between honest facts and that of material put out to mislead. The Trotskyite Communists know how to mislead with half truths and just plain lies that the uninformed swallow as facts. These Trotskyites, being Jews, know the art of misleading, and by doing so divide and conquer. And those who read and digest what they read soon discover the truths and doing so are on the ball against the Communists.

Eisenhower's last minute campaign for the "Republicans" was a howling success for the Democrats. It also proved the great need for a political party that stands for These United States.***

ON JOE McCARTHY.

Joe McCarthy's statement about a miracle Man, without brains or guts, is all wrong, for it is not a miracle but quite commonplace thing to find humans that lack both today. If it were not so, we would not have had our people sending to the U.S. Senate a lot of braying jackasses who worship the Trotskyites and persecute old Joe for being for the U.S.A. instead of World Communism.

AN INSULT.

While the veterans of our Wars paraded on November the 11th, our Federal Judges were swearing in people from all land on earth, and giving them rights equal to those who fought for our America. And worse still, was the fact that many of these Vets were on the unemployed dole, while these new made citizens had the jobs.

A REVIEW OF

BLACK MONDAY

By JUDGE TOM P. BRADY
of the
Fourteenth Circuit Court District
Brookhaven, Miss.

In An Address Made To The
Indianola Citizens' Council
October 28th, 1954

JUDGE BRADY'S ADDRESS

I feel very flattered that the men and women of the Delta, where for generations you have produced some of the ablest and the best statesmen that Mississippi has ever known, came to the hills and invited me here.

I think that this problem which we face in the South, and which is all important to us, is but a small section of the overall checkerboard. In dealing with our problem, I think it is wise that we should remember always that the national problems, the problems which tend to undermine or destroy this government, are in the last analysis, just as fundamental to the preservation of our way of life actually as the problem of segregation or integration of the races. I think before a man should make up his mind as to the solution of a problem, he should know all that he can about it. I have been asked to review briefly the book, "Black Monday," because it states, as I see it, the major portions of the integral parts of this problem.

But, I want to go beyond "Black Monday" if I may in the time allotted me, and discuss frankly with you some of the basic problems which gave rise to the segregation question, and which have given rise to a great many other of our problems which are national in their scope.

Lord Byron said: "The best of prophets of the future is the past." And, the past which we can comprehend and understand is known, and it speaks eloquently though it is past, though it is dead.

We know that in prehistoric times there arose the Vertebrates. This insurgence took place, I believe, in about the Pliocene epoch of the Cenozoic era. I don't want to be pedantic and I don't want to be too detailed, and I'm only going to say here tonight that which I think is absolutely fundamental for us to comprehend, understand and proclaim if we are to succeed in the solution of this problem.

Man was the last to be created. Archaeologists, anthropologists and scientists have studied and labored for years to give us these facts. Dr. Breasted, in his book, "The Conquest of Civilization," has laid down to my mind the most forceable and the most accurate concept which man, as yet, has been able to get with reference to the various species of the different races which are on this earth. We know that a man was created in the great northwest quadrant, which embodied all of Europe west of the

Ural Mountains, which went parallel with the 60th meridian down into the Indian Ocean, embodying Persia, Mesopotamia, Asia Minor, Palestine, Phoenicia and those adjacent countries; we know that that was the home of the white race, Homo Caucasius, a fair-skinned, rather tall, for the most part erect, human being. Africa north of the Sahara was his southernmost boundary. He extended into Lybia and into Nubia. To the east of the Urals, and in the secluded plateaus of high Asia we find, and we know there existed, another man. He was round skulled, practically beardless; his skin was yellow, his hair straight and wiry, Homo Mongoloideus, the yellow man.

And, we know, separated from these two great races, one in the northwest quadrant, and the yellow man to the east of it, we know that south of there, bounded by the impassable Sahara Desert, on the north, and on the west by unconquered seas, lay the teeming black men of Africa. They were black skinned, long headed, and their hair was kinky. Now, we know that for generations those races developed along their own cultural lines. But, there was in the white man something which made him go beyond his boundaries; he was not content. He had the imagination, the incentive, the energy and the drive, and he proceeded to expand and spread, and he went down and he conquered and captured the black man.

These migrations and the ebbing and flowing of these various races took place. A part of this trek went into Egypt, and there, below the first cataract, along the Nile there, these white men went and lived, and for 35 dynasties they controlled Egypt. The civilization of Egypt was a white civilization. Cleopatra was a white woman. It was only in the 26th dynasty, when Taharka went upon the throne that the gradual seepage of the negroid blood into the white blood, which had come from the northwest quadrant, became complete. The white men built the pyramids, the beautiful architectural Temple of Karnak and the sphinx. Those men built there, and today with all the stone-cutting equipment, electrical and steam, which we have and the quarries of Abyssinia, it is doubtful whether we could erect here one-third of the pyramids which they erected.

They had a high concept of God. It's true Isis and Osiris are far removed from Christ, but there was a mind of brilliant intellect that had developed a high civilization and a code of morals it didn't have to apologize for.

About the same time that this white trek began, the yellow man likewise had that incentive, and urge, and drive, this God-given spark which distinguishes men from brutes.

You are familiar with Genghis Khan, the Ming and the Chu and the other dynasties. You are familiar with their arts. Lao-tze, Buddha and Confucius came and they gave to those yellow men a satisfying concept of the divine, and an extremely high sense of morals, laws and values. And, although these races started at approximately the same time, in God's calendar, all the time this was going on, what was happening south of the Sahara? Some of the whites trickled through and laid the foundation for the brown negroes. They captured them as slaves and this mongrelization of Egypt took place, and Egypt fell. The same thing happened in India. The pre-Aryans came in and were swallowed up, but subsequent to that, the Aryan invasion came, and they were white men. They, too, captured and enslaved the negro. This negroid blood flowed into them.

You can rest assured that the persons who built the temple at Gwalior, the persons who constructed the Taj Mahal, the persons who wrote the Vedas, who created and believed and worshipped Brahma, the Essenes of India, where Christ was supposed to have spent His sixteenth through His thirtieth year, were white men. But the constant trickle went on, and on, and on, black blood flowing into white blood.

It is very doubtful whether the varnas, which is listed in the Vedas, was original with India: it probably came from Babylon. But, finally in their desperation to prevent the integration with the black, of the white men, they injected into their religion the four varnas, or the four colors. And the white men became the untouchables and they were the ruling class.

Nehru, the other day, laughed and said, "We have no race problem in India; we have always had white slaves." That is only recently. White slaves came after the integration had taken place, and now the vines and the jungle crawl over that civilization and those palaces and that civilization which India had, and which it enjoyed, just as Egypt is swallowed up in ignorance, superstition and poverty. The black teeming semi-barbaric masses of India have swallowed the white man.

We don't have to stay there. We can come to America, and you have the same thing repeated with the Mayas on a high plateau between Mex-

ico and Peru, with the Incas, the Toltecs. Yes, we know they were white men. We know by land bridges, by hurricane-driven dugouts that this migration took place. We know they were amalgamated with negroids.

It isn't strange or incomprehensible to me that if God can raise a negro up in Africa, He can raise a negro up in South America. If He can create a white man in the northwest quadrant, He can create a white man on the high plateau of old Mexico. But, what happened? The same thing happened there, and, wherever the white race has mingled its blood with the negroid (and I am not here as an exponent of race superiority—I am merely telling you facts). You don't have to take my word for it; those of you who have been in Central America and seen the Caribs, they are almost aborigines. Those of you who have been in Haiti, Puerto Rico, and Cuba; those of you who have been to Spain and to Italy, wherever you see this integration and this comingling, you see this resultant deterioration. It is the same old story. The jungle, the black blood swallows up, and with it goes this deterioration. It blows out the light within a white man's brain.

That is neither right nor wrong; they are simple facts, stern facts. Well, is that a long way from the segregation problem? Not so far. History has a way of repeating itself.

Rome came along and tried just what Egypt and India had done. Spain came along and tried the same thing, and Spain is reduced to an organ grinder, some monasteries, and some grapes and wine. It couldn't be just a coincidence; it couldn't be an accident—the deterioration and the destruction of these races took place subsequent to the amalgamation, with the amalgamation, with the negroid blood in it, and it is there for any student of history to read and know.

In 1620, on the sands of Jamestown, a slave boat landed. There were about 137 slaves in it. Prince Henry, the navigator, had declined to permit those slaves to be brought into Holland, and so they brought them over here. That day should be the "Thanksgiving Day" of the negroes of America. And they should set that day aside with some fitting memorial, because there was conferred upon that segment of the black race, the greatest favor that one human being could confer upon another. He was brought from abject ignorance, primitive savagery, and placed in a country that was Christian and civilized.

various statutes which put us under military rule. Mississippi was under military rule for almost four years. Then the Carpetbaggers and the troops came down and they took care of it; the white men were not permitted to vote. The Scalawags in the South (there are always Scalawags), the Carpetbaggers, the Northern troops, and the negroes voted in the Fourteenth Amendment. It was illegally done, and therefore, the Fourteenth Amendment has never had any moral effect in the South because our fathers knew it was illegal, and their fathers knew it. We know it.

General Coleman has told me recently, and I have grounds to believe that he is correct about it, that he is trying to make a diligent search to prove that even under the coercion and that military government, when the people of the South were disfranchised, Congress lacked the sufficient number of votes, and fraud was perpetrated, and the Congressional Reports and the records will show it. Actually there was not a sufficient number of votes to have made that amendment valid.

I am not naive enough to think that today, as this country now exists, that the Fourteenth Amendment will be abolished. There may be a day when that Amendment can be abolished or amended, or ratified in some way so that states, sovereign states composed of people who have made that state, and whose fathers and mothers made that state, will not be forced, as you are forced tonight, to come here, to look in one another's faces and ask yourself that awful question, "What shall we do? What can we do?"

Immediately after the enactment of that 14th Amendment, you know what happened. The Force Bills of 1870, the Anti Ku Klux Klan Act, the Anti-Segregation Act of 1875—these things are not new. History is again repeating itself, ladies and gentlemen. The only difference in us now and our revered grandparents is that we will not secede; we have throughout this country something that is fine and grand, and that is the realization that "I am an American. And, as an American, I will work my problems out."

It was rough, and the heel of the conqueror was placed on the neck of the vanquished, on those who came back, and it was just as thorough and devastating as Sherman's March to the Sea. In spite of every obstacle in the world, the genius, the courage, the intelligence and the character of the white people of the South has saved itself. And we have gone along since 1875 in peace and harmony.

There was a case, however, decided—the Cruikshank Case—which is of utmost importance, and every Southerner should know about that case. A man by the name of Cruikshank, and others, broke up a political meeting held in Louisiana by a group of negroes. Shortly after the Reconstruction Period, the Carpetbag era, Cruikshank, and others, were indicted in the Federal Court and convicted, and the case was appealed to the United States Supreme Court. That Supreme Court held, in the Cruikshank case, in 1876 (I'll tell you this now because in my opinion the next move of this United States Supreme Court is going to be to set aside the rule of law established in the Cruikshank Case in 1876—this applies to you people here tonight, it applies to me, it applies to any individual, or any group of individuals within any state in this union), *that Congress of itself, by the enactment of this law (Ku Klux Act of 1871, the Civil Rights Act of 1875—and it was under the Enforcement Act of 1870 that Cruikshank was indicted, tried and convicted) derived no power from the 14th Amendment to legislate in respect to the acts of individual persons; that the restriction of the 14th Amendment ran only against the action by the states.*

That decision in the Cruikshank Case saved the South, and it saved this nation, because it permitted the states of this Union to adjudicate the rights of its own respective citizens, and denied the Federal Government the right to come in, as is done in Russia, and was done in Fascist Italy, in Nazi Germany, and these other states, to come in and regulate and control the lives of the citizens of the respective states. That Supreme Court realized that the states of this union produced the union for the benefit of the states, and the union was not created by the states for its own welfare. And so I say to you tonight, whether you know it or not, every man and woman in this room who is opposed to this decision of May 17, and the interference of the Federal Government into the sacred rights of a state to educate its children, is a States' Rights man.

You are holding that it is within the province, and particularly and solely within the province of the state, to regulate the life and condition of its citizens. The education of its youth is the most sacred and the most solemn responsibility which a state can have. And, any interference with it by any power whatsoever is death to the sacred principle of States' Rights.

We talk of segregation today, but let's not forget that during Truman's administration there were four issues, Anti-Poll Tax, Anti-Lynch, the Anti-Segregation issue, and the FEPC.

We are facing today just one of those issues—the other three are just in the offing. They will come unless the people of these United States realize that this thing is not a haphazard plan, that it has been in the process of being made and created for 40 or 50 years, just as the Fabian Socialists in England started, and 32 years later, converted a great nation into a second rate power. So these forces are operating today in the United States. We lived in complete harmony for a period of 80 years after the Cruikshank case. Of course, other cases came. Plessey vs. Ferguson, the Virginia Case. In that case, a negress was denied the right to ride in equal but segregated area. That Supreme Court held that that also is within the province of the State. The State has a right to regulate the actions and the conduct of its individuals. If the people of that State want that, there is nothing unconstitutional about it, and that was the case; that was the camel that the Supreme Court had to swallow when it handed down the decision on May 17.

Repeatedly, after that they have held, and in the Gong Lum Case just a short period ago, when there were men on the Supreme Court like Van Devanter, Brandeis, Justices Stone, Butler, Holmes, Taft and the others, they held that the rule was the same, the rule laid down in Plessey vs. Ferguson to be a good rule.

It's true that the state owes all of its citizens a solemn duty. That same rule was laid down in the Cruikshank Case. The very highest duty of the states, when they entered into the union under the Constitution, was to protect all persons within their boundaries in the enjoyment of these inalienable rights. And the Supreme Court held in the Plessey Case that just as long as that train had the same sort of seats, the same sort of accommodations, ran over the same rails, was a part of the same train pulled by the same engine, had the same sort of lights and drinking water, as long as the accommodations were equal, that the rule of being separate did not deny anybody equal protection under our law. There was no discrimination!

What has happened? What is it in this interim of time, a period of about 60 years, that the Supreme Court has divorced itself from Plessey vs. Ferguson. How in just twenty-seven years, has reversed itself in the Gong Lum case?

What caused it? If we can find out why this happened and what caused it, we may be able then to prevent future inroads into the States' Rights principle, the principle upon which our government was founded by the 13 separate sovereign states.

I can tell you some of the things. In 1936, there was a large migration of the negroes north. They went to cities such as Pittsburgh, Detroit, New York, Akron, Philadelphia and Chicago: the far westward trek had not started, and there in these northern states, by simply becoming 21 years of age, they obtained the ballot. There was organized in 1936 in New York City, an organization known as the National Association for the Advancement of Colored People. We know now from whence this association has derived a lot of its power. We know now who poured the money into its coffers; we know now who has abetted and encouraged the association. I have but to read you the names of the 87 organizations listed by the FBI and the Committee on Un-American Activities to give you the name of these Communist-front organizations. It is from their ranks that this help has come. I wouldn't make such a statement if I were not sure of it.

We know there has been a working together on it. We know also that the CIO and the Communist-front labor organizations have likewise cooperated with it, and we know that the CIO, Sidney Hillman Group, gave to this association \$75,000.00 to have them fight these four cases from Kansas, Delaware, Virginia and South Carolina.

In 1936 this thing started. Walter White himself says "for 50 years we have been working in this direction." How long have we been working in our direction? Not 50 days. Fifty years ago they set their goals and their sights, some of which we don't even know today, but we believe today that one of those goals and sights is integration of the white and negro race in the South. We know that.

In 1936 the negroes had always voted Republican, but there was a quick shift, a quick change, and labor and the NAACP switched to the Democratic party and they elected Roosevelt, and they kept Roosevelt there. His brain trusters, all of his group, planned that which has come to be. It was in his regime that he told Governor Johnson down at Hattiesburg, at Camp Shelby, "I am coming back after this war is over, and we are going to take the book down from the shelves, Paul, and finish writing that

chapter." And Governor Johnson asked him, "What book?" and he said, "The negroes' book."

People don't do something for politicians and not expect something in return, as a rule. And what they wanted, what they demanded, and what they got was the Civil Rights bills and the propaganda brought forth in Roosevelt's administration and re-enacted during Truman's. We know the fight that the Mississippians and these other Southern men made opposing the Anti-Poll Tax, Anti-Segregation, Anti-Lynching and the FEPC.

If that FEPC had been enacted and enlarged today, the South would not have any economic weapon whatsoever with which to defend itself. If the Anti-Segregation Bill had been passed, we would be approximately where we are now, and I think perhaps we would be better off, because at any rate we would have an Act of Congress and not an act of the Supreme Court. The Supreme Court would not have usurped the powers of Congress. It would not have usurped the seats of our Representatives and our Senators here, which it has done.

Briefly, and roughly, that is the picture. In passing I should say this, that this assault that is being made on the American mind is terrific. We know that the Communist organizations, and we know that Russia itself dreamed at one time of setting up a "Black Empire," of disfranchising the white man. And, we know that they worked along these lines for a long time, until finally they were told to quit, and they quit either because of the economic superiority of the white man, or the loyalty of the negro, or a combination of both.

What is the next best thing they could get? An integration of these races. To let us have in the South what has happened in these other countries—in Spain, in Egypt, India and everywhere. I am not a great anthropologist, but we know the physical differences exist just as Abraham Lincoln said, "I do not believe, and never will believe, that the white and the black races should intermarry; there are physical differences which forbid it, and it is not in God's plan that they should do it." And Abraham Lincoln did more for the negro, for his freedom and advancement here than any man being who has ever lived, but you needn't tell the Supreme Court that.

Any lawyer, you can ask any able lawyer, and he will tell you that there is no precedent whatsoever for that decision of May 17. It's as erroneous as the 14th Amendment was illegal; we know that. It's based on sociology and psy-

chology, on the social sciences and not on the principle of *stare decisis*, not on the decisions of the laws of this country.

We have a sociological Supreme Court. In a lot of laws we are now going to have theories, sociological and psychological concepts to guide us. That is next to having a rule by men, and whenever any country sets aside government by law and adopts government by men, that government dies. History will teach us, and has taught us, that this is a certain way to destruction.

Well, we come to the question: What are we going to do? I have spoken and taken a stand on it, and wrote "Black Monday." If we don't use our heads, if we get frantic and excited, this could be our Gettysburg also.

I am so glad that the true South has gone slowly, judiciously and calmly. I regret to see that our sister state, Maryland, is in the toils of the ordeal, and I regret to see that they are being somewhat violent and excited. They are looking desperately any way for relief. They are close, because their Governor doesn't believe there is anything morally wrong with the abolition of segregation, and in my opinion, if necessary, he will use force to put a stop to it. That will happen also in other states where the people are divided, where they have conflicting, different thoughts, beliefs, desires and dreams; where they are not united and sure in their cause, and where they have in their cause any element that would make them at any time ashamed; where they could not at all times speak out and say: "This is where I stand, and I shall not change from it, and this stand which I have taken is a just and righteous stand, and it is within the confines of the Federal Constitution and the Constitution of the State of Mississippi, and its statutes." When we take a stand like this, we won't have to apologize or be afraid or frantic. We can ride out any storm.

I think that we should have (and I use these words for lack of better) a National Federation of Sovereign States. I think the people of Mississippi should do what you are doing tonight, what your Council has done in 36 counties. And, I would like to say this with reference to the Council. There was a farmer one time and he had six sons; he gave each a stick; he bound the sticks together; he handed that bundle to all the sons and none could break it. But when he took the sticks apart, they snapped those sticks over their knees with ease. If we are not bound together today in Mississippi, they will snap us over their knees. It is very easy to pass judg-

ment upon a man or upon a movement. It's easy to condemn. None of you men look like Ku Kluxers to me. I wouldn't join a Ku Klux—I didn't join it—because they hid their faces; because they did things that you and I wouldn't approve of. I am not going to find fault with a man who did. Every man looks at the proposition not in the same way. In this proposition there is one essential point on which we must be uniform: we must act within the bounds of our Constitution and not in violation of our laws. If and when this Federation of States is formed, call it what you will, when Mississippi, Alabama, Georgia, Tennessee, Florida, Louisiana, Texas, Arkansas, Virginia and South Carolina; when the men of those states get together and say, "We have the intelligence and the courage and the character to solve these problems if we will work together, if we keep this thing a legal, a lawful and a fine thing." We will have a powerful force for good which cannot be denied. The sovereign rights of these states will remain secure and inviolate. There can be no federation of states unless the states organize. Each state must organize; each state and each county thereof. If we do not organize, we are lost, because never before in the history of the South has there been a more direct order to organize than is now given to us. White Americans of the South, unite! And, so I say to you tonight, members of this Citizens' Council, when each citizen in every Council can solemnly and sincerely vow that he will uphold the Constitution of this State and its laws, and that he will at the same time pledge his life, his fortune, and his sacred honor that segregation shall not be destroyed in Mississippi, when they take those oaths and mean them, it will not be destroyed.

I tell you that in our religious and in our educational field we have men who are drugged with the lotus of Socialism. Some of them are outright Communists, and when they go into our schools and teach our boys Socialism, they are undermining this country. When they affiliate with the NAACP, or any other organization which tends to socialize, upset and destroy this country, they are helping Russia. Russia wants to put Jew against Gentile. She wants to put Protestant against Catholic. She wants to have the white and the black man fighting at each other. Everywhere she plays race against race—anything that will cause dissension, discord and trouble, that is what Russia wants.

You and I know that the NAACP has been sponsored and fostered by these left-wing Liberals (I will call them that), these Marxian Christians in our churches, and these Neo-Socialists, teachers and preachers in our schools. It is just that serious, and if the people of the South do not now make up their minds that this is a mortal combat, that it is to the bitter end; that he will sell his car, his radio, his television, his refrigerator; he will sell anything and give anything because he has the God-given right to keep his blood white and pure, the battle will soon be lost. If God in His infinite wisdom had wanted a Mongrelized, mixed man, that man would have been on this earth. He would not have been separated into the northwest quadrant, over in Asia and below the trackless Sahara; if God had wanted these races of men to be mixed, they would have been created mixed. No Socialist preacher can deny this.

I don't like statements when I hear that the Councils are going to pit Jew against Catholic. It might interest you to know that 4000 years before Christ,

the Jew was fighting for the preservation of his white blood. It might interest you to know (and I have no particular brief for the Jew, I merely state facts) that he was enslaved at the time the Egyptian was. The negro has no monopoly on slavery. The Jew was enslaved 4000 years, and the Egyptian also, before the negro knew what slavery was. And for 4000 years, in spite of his slavery and mistreatment, the Jewish race, above all, has kept its blood pure. And it was from the Jewish race that Jesus Christ came. I don't like to hear someone say that the Citizens' Councils are against Jews and Catholics, because to me the Citizens' Council typifies the finest and the best intelligence, the best law-abiding group, the most courageous, the most honest. And unless we keep and pitch our battle on a high plane, and unless we keep our ranks free from the demagogue, the renegade, the lawless and the violent, we will be branded as we should be branded, a fearful, underground, lawless organization. I think a man should understand an organization; I think he should inspect its roster, should check its Constitution and its laws and find out the type of men who are in it, and the type of people who want to work with it and support it before we damn it.

No one knows what the outcome is going to be; no one knows who the next Supreme Court Judge is going to be. It could be Thurgood Marshall; it could be Attorney Brownell—we don't know, but it doesn't make any difference who the attorney general is, and it doesn't make any difference whether it is a negro or a white man. If the people of Mississippi will just do their duty, and you know what I mean. Though he only pays 5 per cent. or 6 per cent. of the school tax, still he is a human being. Where we have mistreated him, we should admit it. Where we can rectify that wrong that we have done him, we should do it. I realize, and you do too, that the NAACP and these Liberal left-wing groups are laughing with glee because they realize that we are going to be staggering under a terrific debt.

They realize that South Carolina spent \$175,000,000 and perfectly equalized their schools. The records in the case before the Supreme Court, the oral arguments as well as the briefs, substantiated that they are absolutely equal, and we realize that, yet that Supreme Court says, "You have got to sit a negro boy down by a white girl to have it equal."

Still, with that in our face, it is our duty to give these negro boys and girls, in good conscience, what we can and what they are entitled to.

The thing is serious. I don't like to hear men say, "Oh, it can't happen. It's too much of a job. The burden is too great. We can teach them this, that and the other." You can't do it! You can't put little boys and little girls together—negroes and whites, and have them sing together, play together, dance together, and eat together out of the same pail, sit side by side, and walk arm in arm, and expect for the sensitivity of those white children not to be broken down. You can't do it. The old adage of "First we pity, then we pardon, then we embrace," applies. Why? Because that is exactly what has happened in the north.

Four per cent., we will say, in Kansas; 7 per cent., we will say, in New York; 8 per cent., we will say, in Illinois—that's nothing compared to what we have. They have a sufficient number of whites to absorb,

and perhaps assimilate, the negro: though you can't truly assimilate it—it's still there. It is there in Walter White's face, in his flat nose, his round head, his slightly kinky hair, his slightly thick lips and his colored skin.

Those are things we can see. We don't know what happens to the brain of man, but we do know that the negro's brain pan seals and hardens quicker than the white man's. We do know the negro has, in certain instances, elliptical blood cells, which cause disease. We do know that his skull is one-eighth inch thicker, and we do know he has to have two detectors here to have his kinky black hair. We don't know what it takes to make his mind different from our mind.

This Supreme Court seeks to set aside all the laws of eugenics and biology! By simply putting the children together in schools we will abolish all the racial differences that God made. I have a little back of my home, a very small one. I noticed the blackbirds come, and they stay together. Right in the City of Brookhaven I had a covey of quail. They finally fled because of new houses. I noticed they stayed together. They were all birds. I noticed the geese and the ducks, each after his own kind, and yet that Supreme Court would set aside these laws of God and of nature and compel these various individuals to congregate just as you would blackbirds and green heads, or partridges.

You can't change the chromosomes of an individual by a law. You can't create an additional gene to determine the texture and the quality of the skin hair. These things God does, and whenever man begins to tamper and to try to reform and revise (yes, and this goes for the atomic bomb, too), these laws, he destroys himself.

I have tried to speak calmly and unemotionally. I could have adopted a much different approach, I could have harried you. I believe, cheering at odd moments. But this is not the time to cheer—this is the time, as you've said, to pray. This is the time to be as deliberate and cautious and careful and as right as we know how. I realize that a violent upheaval at this time would probably deter (though it might not) the Supreme Court in handing down its decision and law's decision. But that would only be a pyrrhic victory. We can't do it with force and arms—we have got to do it with right, and we have got to do it with intellect and justice.

And, just as this meeting opened with a prayer, I think it is proper that it should close with a prayer, and so I devoutly say, "God give us the wisdom to know what's right, and the courage and strength to do it."

Mr. G. C. Smith
Rt. 1
Dumas, Miss.

Dear Mr. Smith:

I hope you will pardon the delay in answering your letter, but we have been literally swamped with correspondence pertaining to our Citizens' Councils.

As yet we have no provisions for membership at large; however, many people from over the state where they do not have Councils have contributed financially to our Association, and, of course, we have added them to our mailing list. You would be surprised what one man can do if he has the time to devote to this movement. Tippah County has no organization, and it would be wonderful if they did.

Enclosed is a diagram that is self explanatory. You see the counties that now have Citizens' Councils. As you know, these councils are local groups locally controlled which have as their servant the Association of Citizens' Councils here in Winona. The Association is controlled by a Board of Directors, one from each county.

We intend to have a Statewide meeting in Jackson the 1st week in January. It would be mighty nice if a few of you gentlemen in Tippah County could form an organization and have a representative at our meeting. Just a small group to start with would be sufficient. I would suggest a small organization in Dumas to start with. That is how every county in Mississippi has organized, and you would be amazed at the results. No outsider has organized any county, it has all been done by the people of the county. What the Councils have done has been miraculous, to say the least. The battle, however, has only begun, and we must organize the resistance to the integration monster in every county in Mississippi. The other Southern States are now organizing, but Mississippi with the greatest percent negro population in our nation must take the lead.

If you could start a small organization it would be wonderful. If you like, I will be glad to come up and tell your group what has been done in other counties, all legally, with malice toward no race, within the bounds of our constitution of the United States and our Holy Scripture. We have waited too long, but it is not too late.

Sincerely,

*Dedicated to the maintenance of peace, good order and domestic tranquility in our Community and in our State
and to the preservation of our State's Rights.*

BIRTH OF AN IDEA

The Citizens Council

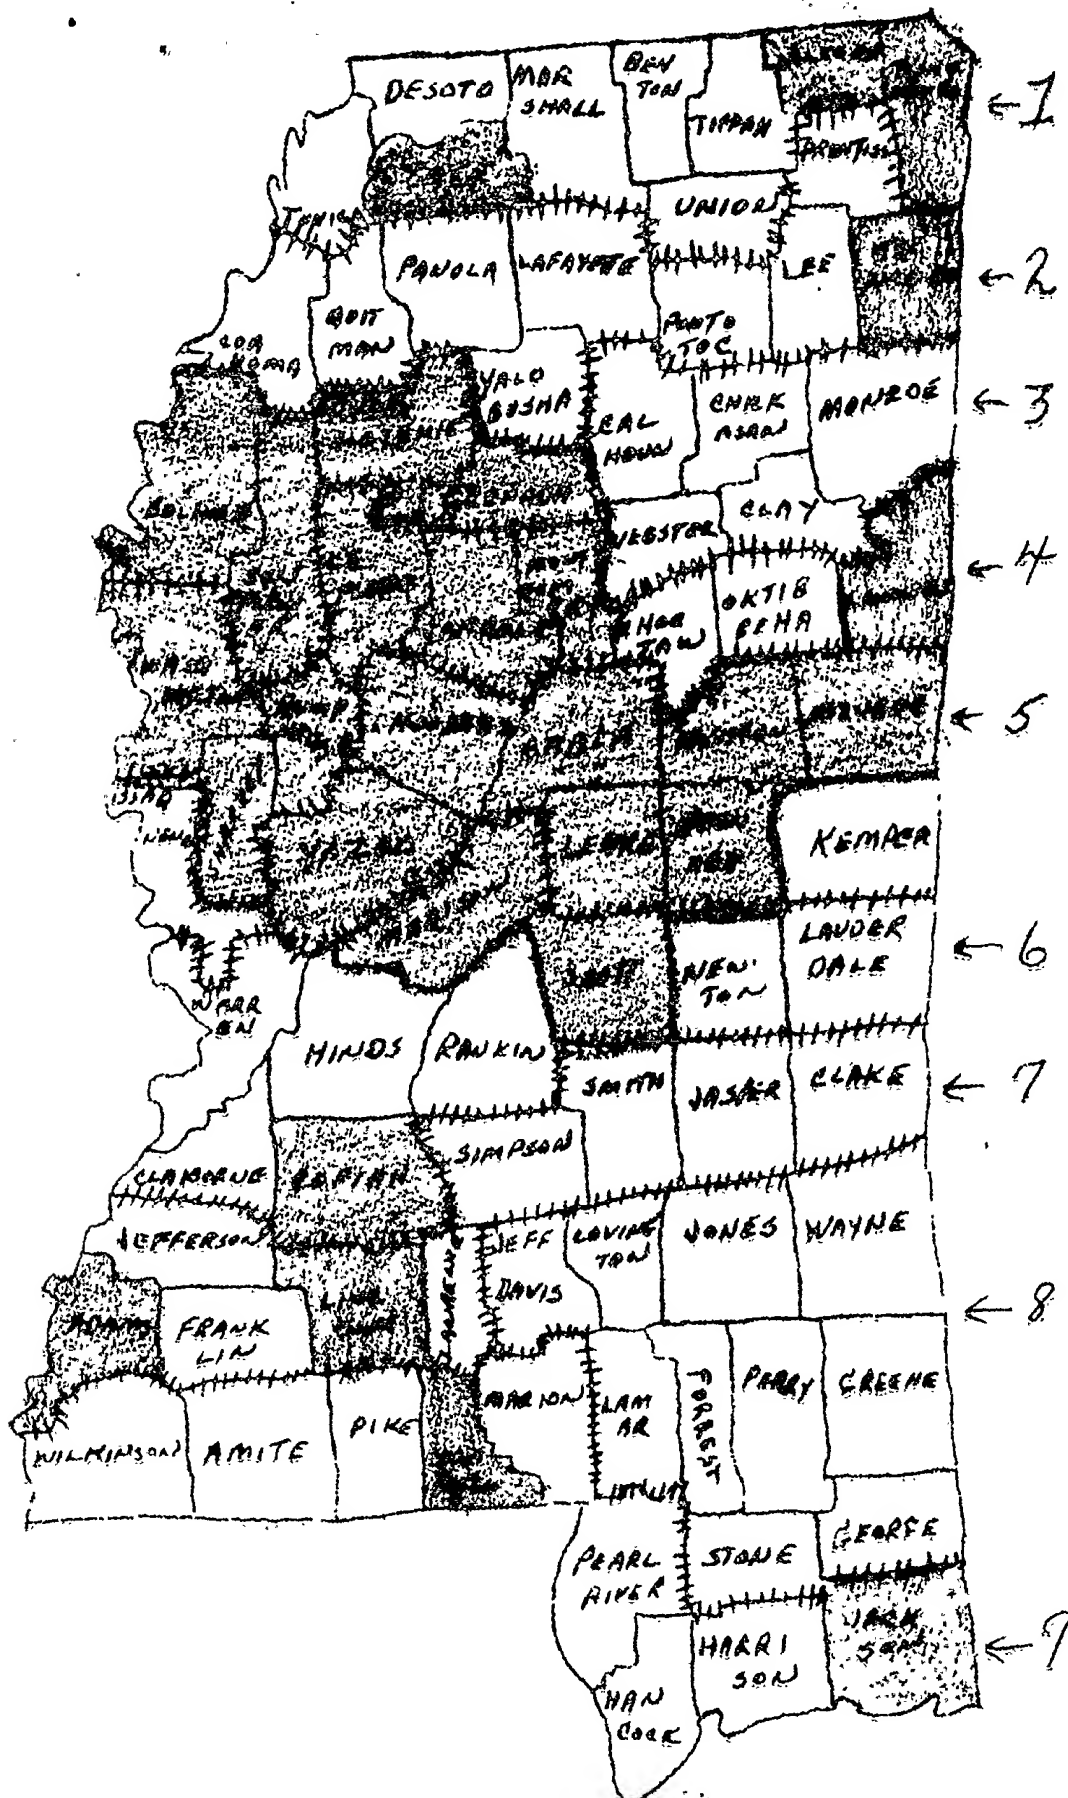

On July 11th, a small group of civic leaders met at a residence in Indianola, Sunflower County, Mississippi. The problem they faced was an old one, long dormant and asleep that had been rudely awakened and dragged out by the Supreme Court decision on the controversial subject of segregation.

This handful of men realized that integration was impossible here in Sunflower County. They knew how their fellow citizens felt and behind that "Public Sentiment is the Law." They knew that forcing the two races together would lead to violence, hatred and bloodshed. They knew that the white and black man had lived in peace and friendship for over a hundred years here in a segregated society. They believed that segregation and discrimination were two different things. The group decided to form a local organization dedicated to the preservation of our way of life by maintaining segregation by legal means. They believed that if public sentiment could be mobilized and directed, our segregated way of life could be continued. With this purpose in mind and the next meeting planned they adjourned with confidence that the Lord helps those that help themselves.

The next meeting was held with over seventy citizens of Indianola present. Various committees were appointed and the organization began to function. Hundreds of members were recruited from all over the county. The word spread and soon citizens from other counties heard of our group and asked for help in forming "Citizens Councils" of their own, with a common purpose.

In less than six weeks, these groups had spread through seventeen counties and the membership was numbered in thousands. The right to assemble as guaranteed in our Bill of Rights has and is being utilized to the fullest extent. Public Sentiment is being mobilized! The people of Mississippi are going to preserve racial segregation come what may!

Similar organizations are now being formed all over the south. We are freedom loving Americans devoted to our country and we are defending our constitution by defending the sovereignty of the individual states provided therein.

TO ALL MISSISSIPPPIANS:

The most important step we can take to advance the welfare of the South is to secure the passage of the School Amendment on December 21.

The eyes of the world are on Mississippi. If our people fail to adopt this amendment it will be heralded throughout the United States and the world as our rejection of segregated schools and our acceptance of Integration.

It will be most embarrassing to our Legislature in their effort to maintain segregated schools.

It will be held up to our Senators and Congressmen in Washington in any effort they might make in submitting an amendment to the Constitution of the United States vesting jurisdiction in the respective States to control the operation, conduct and attendance of their schools.

If our people fail to pass this amendment they are saying: "We and our elected Representatives are not capable of running our schools and educating our children. We do not trust our Legislature, although we elect them. We turn our most precious possessions, our children, over to the nine political appointees of the Supreme Court and the Federal Government."

IF WE DO NOT TRUST OUR LEGISLATURE WE SHOULD BE ASHAMED TO TELL IT, AS WE ARE THEREFORE NOT CAPABLE OF SELF-GOVERNMENT.

How can we ask for States' Rights if our people do not trust their own elected State Legislature to enact laws?

There has been much double talk, a cloud of confusion, and many long-winded debates on this amendment. Our opposition from within our state is caused in most cases by innocent, kind, misguided, well-intentioned people who are playing right into the hands of the mongrelizers.

The amendment can be boiled down to one sentence: "ARE WE, AS A SOVEREIGN STATE, CAPABLE OF EDUCATING OUR OWN CHILDREN, AND IS IT OUR RIGHT, AS A SOVEREIGN STATE, TO DO SO?"

We urge every person in Mississippi who has the interest of our children of both races at heart, and who believes in Segregation, to vote FOR the amendment on December 21.

The Citizens' Councils have a great opportunity to serve our State by making sure that EVERY voter understands this amendment.

For the Executive Committee,

Robert B. Patterson
Secretary
Citizens' Council

Channing H. Tobias, mulatto director of the NAACP, has asked Pres. Eisenhower to investigate the Citizens' Councils. He seems to be disturbed because Mississippi negroes are losing interest in the NAACP and its radical aims and objectives. Old Channing should know all about investigations. "Channing H. Tobias one of the Directors of The Field Foundation, Inc. has been affiliated with 20 organizations and publications which are cited as subversive and Communist by the United States Attorney General, House Committee on Un-American Activities, and the California Committee on Un-American Activities. The Magazine "Southern Farm and Home", is being widely distributed throughout Mississippi. It is published by Aubrey Williams, Jr., Montgomery, Alabama. The innocent subscribers to this magazine do not know who Aubrey Williams is or what he stands for. Aubrey Williams, Sr., is the President of the Southern Conference Educational Fund, Inc., in New Orleans, formerly the notorious Southern Conference for Human Welfare. This organization was described as a "Communist front which received money from the Robert Marshall Foundation, one of the principal sources of funds by which many Communist fronts operate." (See HUAC, Appendix IX, 1944, pages 675, 1037 and 1567; HUAC, Guide to Subversive Organizations and Publications, 1951, pages 45, 73 and 104). Aubrey, Sr., is a National Committeeman of the infamous American Civil Liberties Union of New York. Aubrey, Jr., is the young white man who in company with a negro NAACP lawyer led a group of negro children in an attempt to enter a white school in Montgomery, Alabama, last Fall. The people of Mississippi should know about this man whose magazine is being read by their wives and children.

VIRGINIA'S POSITION ON SEGREGATION RULE: "Government still derives its foundation from the consent of the governed. The people of many sections of Virginia have stated forthrightly that they will not consent to compulsory integration of the races in the public schools,

"Neither court decree nor executive order can force in those sections a result so basically opposed by a united majority."

Editorial From The News and Courier, Charleston, S. C., Nov. 5, 1954

A MOUTHPIECE TO SPEAK FOR THE SOUTH

A primary need of the South today is a non-profit and non-political organization to present the Southern viewpoint on states rights and racial segregation.

At present, Southern customs are attacked in platforms of both political parties. The South has not a single advocate on the Supreme Court, which has decided to ignore decisions of previous courts on states rights and segregation. The South has no magazine or newspaper of national circulation, and no large book-publishing house.

In a word, the South has no spokesman at all, other than a few politicians who speak primarily for themselves rather than for their people.

The result is that the South is losing its argument through default. There is no medium through which our viewpoint can be made known nationally.

We are not speaking of a Ku Klux Klan or even a National Association for the Advancement of White People. We want an intelligent and moderate organization, supported by the rank and file of Southerners, which would answer anti-Southern propaganda and which would keep before the country the Southern stand on such matters as racially mixed schools.

The organization, if it were properly staffed, could soon earn the respect of the remainder of the country. It would have funds on hand to pay for lawyers who would argue the Southern Case, whenever our customs were attacked in the courts. It would issue newspaper statements giving the Southern stand on racial developments. If necessary, it would buy advertising space in national magazines and newspapers to explain the Southern viewpoint. When forums were held on racial matters - and such a forum was held recently by the New York Herald Tribune - the organization would have a list of distinguished Southerners ready to appear as speakers. Southerners asked to appear on the Forum now are handpicked by its promoters, usually for their "liberal" views.

What The News and Courier is calling for is a sane and even-tempered - but outspoken - propaganda organization representing the best thinking of the South. Ours is the largest in population of the four geographical regions of the United States, but most misunderstood and misrepresented before the nation and the world. The organization would be supported by voluntary contributions from Southerners who believe their way of life is worth preserving, and that the arguments for that way of life are logical, constitutional and RIGHT.

Jackson, Mississippi. THANK GOD! During the week of November 5, 6 & 7th, 1954, the Mississippi Branches of The National Association for the Advancement of Colored People HEID ITS FUNERAL SERVICES FOR THE INTERMENT OF THE COMMUNISTIC, SEGREGATED UNCLE TOM SCHOOL SYSTEM, here in Mississippi without the approval of the Mississippi, demagogue, double-dipper, tiger-hearted politicians.

On Friday, November 5th at 8:00 P.M. in the sanctuary of the beautiful PARISH STREET BAPTIST CHURCH, in the presence of about 600 people both WHITE, NEGRO AND BETWEEN AND BETWEEN RACES, heard the last and final RITES for the SOUTHERN, White Hoodlums' Segregated, Educational PUBLIC SCHOOL SYSTEM COMMITTED - ASHES TO ASHES, DUST TO DUST, SEGREGATION IN EDUCATION IS HERE NO MORE.

Dr. E. J. Stringer, President, of Columbus, Mississippi, one of the state's most outstanding young men gave to Miss. one of the best and most outstanding administrations that the Miss. Conference Branches have ever had. He is to be CONGRATULATED FOR HIS STAND in giving his best, through his intelligence, to let the Southern White Hoodlum know that NEGROES ARE MEN just like the White man. Dr. Stringer proved his leadership beyond a doubt - his integrity being unquestionable. WAKE UP WHITE HOODLUMS, NEGROES ARE NOT ASLEEP.

The Theme for the NAACP was "Preparation for Integration" which has the approval of 900,000 Christian Negro Men and women through its 100 or more delegates who assembled for one purpose, to UNITE ALL AMERICANS, WORKING TOGETHER TO END SEGREGATION IN EDUCATION AND FOLLOW THE DECISION OF THE U.S. Supreme Court of May 17, 1954 which says: SEGREGATION IN PUBLIC EDUCATION IS HEREBY OUTLAWED. It is not for the ignorant State of Mississippi to still maintain segregation in public education but for Miss' ignorant leadership to come out of COMMUNISM INTO THE ARK OF DEMOCRACY without the yellow jaundice plague tampering with his or her eyeballs - for it is coming the day when we all will see segregation knocked out with intelligence.

The Hon. Dan Byrd of New Orleans, La. and Miss Ruby Hurley of Birmingham, Ala. CHASED SEGREGATION FROM EVERY NOOK AND CORNER IN MISS. right into the arms of the ignorant and most undemocratic Miss. Legislature who passed a law which the EAGLE EYE CLASSES AS ONE OF THE GREATEST PIECES OF COMMUNISTIC LEGISLATION - TO abolish the public school system. When Hugh L. White, Governor of the Most ignorant State of Miss. signed this piece of legislation, the EAGLE EYE wondered why destiny through nature would not walk up to him and say: Hugh L. White, this is not the thing to do. But poor Hugh, regardless of what the ignorant State of Miss. legislature may legislate it might

as well go out into the cemetery and tell Theodore Gilmore Pilbo to rise up. You have as much a chance of keeping segregation in education as one would have trying to produce a combination of emeralds and diamonds with a charge of dynamite exploded with a charge of dynamite. Red up with a gun giving birth to a little and holy boy. Greenville, Miss. Mr. Jevye Charles was a victim in Jackson this past week. New York City, N. Y. Pres. Eisenhower nominated Justice Harlan to the place held by the late Robert Jackson in the United States Supreme Court. Thanks! He did not name John Bell Williams. Ha! It's hell.

Jackson, Miss., Nov. 7. Attorney Clarence Mitchell, Director of the Washington Bureau of the NAACP states THAT ALL CITIZENS MUST COMPLY WITH THE U. S. SUPREME COURT DECISION outlawing segregation in public school education. He further said: "THE ABOLITION OF THE PUBLIC SCHOOL SYSTEM IN 1954, WOULD MEAN THAT ALL FEDERAL FUNDS NOW BEING AWARDED TO THE STATE WOULD AUTOMATICALLY BE CUT OFF, and that the U. S. GOVERNMENT SEENLY WILL. The Eagle Eye feels it would be a fine thing for the State of Miss. to abolish the public schools in order that the federal government can come into the state and operate a non-segmented educational system giving all citizens the same type and the same kind of education which has been long needed here in Miss. Hugh V. Bell, Hugh J. White and the notorious Miss. Citizens Council; The I.E. is conducting a rigid campaign for tax funds and regardless of where the funds go, the EAGLE EYE will REPORT same TO THE U. S. GOVERNMENT. How did that sound Fielding Wright, Shutea Frazier, brother Patterson and all other die-hard demagogue, southern, hillbilly, stupid politicians with a hive of crabs tied to their non-thankable hearts?

It is with regret that the ignorant, Southern White Hoodlum feels that they can organize the Klu Klux Klan, an outlaw organization whose purpose is to keep the Negro in ignorance and everlasting poverty through the inhuman intolerance of a pitiful parasite on American democracy through the lash and lynching system which has long been defeated by the intelligence of the atomic Negro of today.

Just a little advice to this notorious Klu Klux Klan and the puppet baby of the Klu Klux Klan with its combination of stupid and undemocratic Hitler plus Mussolino, immoral, Mississippi begging, swindling, cheating, defrauding, ignorant CITIZEN'S COUNCIL who have taken upon themselves to tell the Negro citizens of Mississippi what they can do and what they can think under the threat of economic repercussion. With what? Everything. THE EAGLE EYE is told that the big insurance companies have 9 out of every 10 farms in the ignorant State of Miss. 90% to 95% under mortgage, thus leaving the Miss. ignorant, white, hoodlum to have nothing for himself to survive on. How can he bring economic repercussion to anybody else - whether its on a voluntary or involuntary basis? Well, The Eagle Eye feels that the best thing for the Klu Klux Klan and the Miss. ignorant Citizen's Council to do is to dissolve its come-Johnny-lately-robbing organization because The Eagle Eye knows that it will not be able to huddle the Negro like a bunch of cattle; you will not be able to influence the NEW NEGRO OF TODAY WITH THREATS OF BODILY HARM - in other words, Humphrey County which is in the opinion of The Eagle Eye second only to Sharkey County with Talmadge County holding both in line as the most ignorant, undemocratic, un-American, demagoguery, robbing counties of ignorant people in the entire State.

The Eagle Eye wants to introduce to the reading public some of the leaders in these three slave counties - including some of the former leaders, also: Humphrey County is controlled by slave labor dictators - one is not free to do as one pleases even though he or she may be 21 years of age or over (this applies to Negroes, of course); The Eagle Eye knows of the general reputation, character and leadership by which the Negro is denied every human right - Ippy Turner, a big slaver who lives up at Belzoni, Miss. and who know of the undemocratic treatment of the Negro citizens, as a group; Sharkey County is the dirtiest, most ignorant, cheating, defrauding, Uncle Tomish County in the entire State. It is also the home county of Fielding Wright who happens to have first become governor of Miss. through the death of the late, sainted Tom Bailey, one of Mississippi's first, christian gentlemen and one of the nation's best governors who served all of its citizens with justice as far as he knew was right. However, The Eagle Eye could not, in justice to humanity say what it thinks of Fielding Wright other than he is, so reads the cowardly Jackson Daily News, in the 1955 gubernatorial race - an office which, The Eagle Eye hopes, will be filled by someone with more sense than a brainless snail - someone that will have GOD, ALMIGHTY serving as his Attorney General with his sword of justice.

The Eagle Eye wishes to inform the ignorant Miss. Klu Klux Klan and its most ignorant baby, the ignorant Miss. Citizens Council that the intelligent Negro wants you anti-Americans who are members of these two undemocratic organizations to know that they will not stand for any form of intimidation from any white hoodlum organization whose purposes are to use threats and violence; regardless of who may be the head, the Negro wants segregation blown from the statute books of Miss. and the South with the thinking of Talmadge, White, Eyrnos, Shivers, Kennon and all other pro-segregationists ended through the power of the grim reaper who holds the destiny of

mankind without having to have the approval of any lawmaking body other than the CREATOR of everything including death and life. You may have Jim Eastland as the umpire for justice, you may have Allen Shivers for the pitcher, you may have Byron Long for the mascot and Hugh L. White for the first baseman - THE NEGRO WILL HAVE JUSTICE BURNED IN HIS HEART WITH LOVE FOR ALL MANKIND AND WILL BE ON TOP WHILE THE Miss. White Hoodlum will be looking for what the rooster left on the roost.

Jackson, Miss., Nov. 15, 1954. DR. A. L. MCCOY, PRESIDENT OF THE MISS. CONFERENCE OF NCHES, NAACP, CONFERRED TODAY WITH GOV. HUGH L. Desegregation Problem Is A Very Vital Issue Now

We are reproducing as an editorial, from the pen of Rev. J. T. Weems of Heidelberg, Mississippi, the article below. We sincerely hope every mother and father in Mississippi, the South, and the Nation, will read this and ask themselves whether or not they have been negligent in this matter. We have got to make a fresh start in our homes, in our schools and, yes, in our churches, by impressing on our children this matter of race consciousness.—THE EDITOR.

Editor Daily News—I am writing what I am writing with a heavy heart. Sometimes in this world you have to make a choice not for the perfect good but a choice between two evils in which choice the most good with the least evil is brought about. I did not make this world and I am frank to say that if I had made it, I would never have created the black man inferior in color, with practically no power to elevate himself except with somebody else's bootstraps. My heart goes out to him, but not enough to make me subscribe to the immoral and unethical madness of amalgamation. All that is in me, all that I am, my mind, my heart, even my instincts which come out of flesh and blood, my flesh and blood itself recoils in horror at the thought of amalgamation. To me it is as repulsive as rape. To me, the maintenance of the purity of my blood is more important than life itself.

And now comes along that august tribunal, the Supreme Court, rendering a decision in the name of civil rights which, if yielded to, will kill the color consciousness in our little ones and in process of time destroy the white race of the South and bring into being a mongrelized humanity and this is to be done in the name of religion—the Christian religion.

The public school is the extension of the home. If the Supreme Court will not recognize that fact then we have nothing left to us but to kill the public schools. Spiritually, I am prepared for war to the hilt with the Supreme Court. That decision places us in the position of a rabbit in the forest in the center of a circle of fire. It is only a matter of time until the rabbit is burned to death by the converging flames. But we are not rabbits! We can meet these converging flames which would destroy forever our glorious womanhood, those creatures who are the highest work of the Creative Art, most of whom match their glorious creaturehood with a character in keeping with what the Creative Art has done for them—we can meet these flames with a consciousness of race that will hold them back. The white race has never been in any danger from its women. **The white male descending to the level of the beast has contaminated white blood and degraded himself and negro womanhood. This hellish and bestial cohabitation of the white man with negro women in which there is no tenderness, no love, only lust, should be fought by both races with all their power.** However, there is far less of

upon him will destroy finally the white race. He has very little of any pride of blood. That fact brings the white race face to face at all times with a flowing stream of blood ready to mingle with its blood. From now on this will continue unless the negro develops a pride of blood. If he does that, if he develops a pride of blood there will take place a passion of more or less intensity for dominancy. One race or the other must dominate unless they amalgamate.

In face of this condition, what are the facts? In the South there are over 40 million whites of pure blood stream.

There are in the South around 10 million of negroes, pure and mixed blood. The vast majority of the wealth is in the hands of the white and property is in process of becoming more and more set and fixed in ownership. Unless the white race loses its virility or willfully commits race suicide by refusing to propagate, or unless it loses its race consciousness and embraces the black blood stream, there is no reason why it should lose. Superiority of numbers must be maintained as well as superiority of wealth or the black race will finally dominate.

Due to our women, our blood stream is pure. Much white blood in bestial passion has been pumped into black veins but very little black blood has been pumped into white veins. During my 65 years I have seen only one mixed breed born of a white woman whose father was a negro man.

There is only one permanent solution to the race problem and that is amalgamation. Any other solution is by its very nature temporary. Amalgamation is a permanent solution. **Once done, it cannot be undone.** To me, amalgamation is a horror—a nightmare, but the people of Mississippi had better take their heads out of the sand and read such authorities on race relationships as Madison Grant, Lathrop Stoddard, Ernest B. Cox, R. W. Shufeldt, Stuart O. Landry, Ira Calvin and Theodore G. Bilbo. To this list I would add the name of Ambassador Bryce.

If segregation goes, then, in a matter of time, amalgamation comes. Any one who cannot see this is a mental child. Our social heredity is a mental and moral atmosphere we get from our elders. Any child can be raised to be a cannibal by its elders. Anyone who can visualize three hundred years of social intermingling without amalgamation has a mentality incapable of judging the realities of such a situation.

bunal, the Supreme Court, rendering a decision in the name of civil rights which, if yielded to, will kill the color consciousness in our little ones and in process of time destroy the white race of the South and bring into being a mongrelized humanity and this is to be done in the name of religion—the Christian religion.

The public school is the extension of the home. If the Supreme Court will not recognize that fact then we have nothing left to us but to kill the public schools. Spiritually, I am prepared for war to the hilt with the Supreme Court. That decision places us in the position of a rabbit in the forest in the center of a circle of fire. It is only a matter of time until the rabbit is burned to death by the converging flames. But we are not rabbits! We can meet these converging flames which would destroy forever our glorious womanhood, those creatures who are the highest work of the Creative Art, most of whom match their glorious creaturehood with a character in keeping with what the Creative Art has done for them—we can meet these flames with a consciousness of race that will hold them back. The white race has never been in any danger from its women. **The white male descending to the level of the beast has contaminated white blood and degraded himself and negro womanhood. This hellish and beastial cohabitation of the white man with negro women in which there is no tenderness, no love, only lust, should be fought by both races with all their power.** However, there is far less of this than formerly. But now where the white race is being made safer by the gradual cessation of this awful thing, we are asked (it remains to be seen how much of a demand it is) to kill the color consciousness in our children and thereby ultimately bring about amalgamation.

There is a conspiracy to destroy the white race of the South with its heart and brain at Washington. I do not say that all of these aiders and abettors of this conspiracy have sufficient insight to know what they are doing, but many of them do. **Our only defense is segregation in our schools and the building of our race consciousness higher and higher.** Segregation and race consciousness are our first and last line of defense. The destruction of segregation will finally kill the race consciousness and when that is gone it will only be a matter of time until the sexual organs of the races will solve the race problem. There are some among us who feel that that will finally happen. I fear it and I know it will happen **unless the white race subordinates everything in it to the sacredness of the blood and culture.** We have got to make our race our religion in a sense, our God, to survive.

The war is on, not because it is consciously selected, but because it is inherent in any opposites. The negro is virile physically and has a desire to advance. Educating them will not solve the problem, only intensify it. There is a danger that our efforts, our money which we are spending

its race consciousness and embraces the black blood stream, there is no reason why it should lose. Superiority of numbers must be maintained as well as superiority of wealth or the black race will finally dominate.

Due to our women, our blood stream is pure. Much white blood in bestial passion has been pumped into black veins but very little black blood has been pumped into white veins. During my 65 years I have seen only one mixed breed born of a white woman whose father was a negro man.

Any appraisal of segregation or desegregation that does not consider the fact of sex is a wholly inadequate appraisal. If there were no such thing as sex, there would be no ground for segregation. If the races were propagated by special creative act in which the individual bore no organic and related kinship to other individuals there would be no ground for segregation.

Mississippi has 1,188,429 whites. It has 986,707 negroes. These negroes gave birth to 634 more children in 1953 than the whites. These figures are interesting:

Fifty-six thousand, seven hundred and twenty-four babies born in Mississippi in 1953, 7,337 born out of wedlock, 28,045 of that number were whites, 267 of the whites were born out of wedlock, 28,679 were negroes, 7,070 of the negroes were born out of wedlock. One out of every 105 white births were illegitimate, 27 and 7/10 per cent. of the negro births were illegitimate, which means that 247 out of every 1000 negro births were born out of wedlock.

If the white race of the South is destroyed in the future, it will be destroyed from within, by the white men and women who betray their race and their culture. I fear very much that the white race of the South does not have the character, intelligence, the will, the determination, the sacrificial spirit necessary to survive during the oncoming centuries. It cannot survive unless segregation is maintained, especially among the young.

26 counties with Citizens' Councils passed the amendment by a 10.8 to 1 majority and got out 30,161 votes for the amendment.

36 counties without Citizens' Councils passed the amendment by a 3.5 to 1 majority and got out only 45,327 votes for the amendment.

The 4 counties marked "Z" again failed to pass the amendment. 3 of these were adjoining counties in Northeast Mississippi, and the other is in the extreme Southeast corner of the State.

All negro Mound Bayou voted 101 against and 1 for the amendment.

In 1952 this vital amendment failed to pass simply because there was no efficient means of informing the people about what they were voting on.

The Citizens' Councils of Mississippi sponsored a statewide publicity campaign operating through the press, the mails and by personal contact supporting this amendment. We believe that if the voters of Mississippi have the facts they will vote according to the best interests of our state.

If public opinion can be aroused and concerted our Constitutional Democracy and our way of life can be preserved! The ballot box is only one of many ways that the people of Mississippi have of expressing their sentiment.
